MS. PAM RANK, Clerk

PRESIDENT GELWICKS: Good evening. The April 23rd, 2013 Downers Grove Park District Board meeting is called to order. Roll call, please?
MS. RANK: Miss Barr?
MS. BARR: Here.
MS. RANK: Mr. Cushing?
MR. CUSHING: Here.
MS. RANK: Mr. Gelwicks?
PRESIDENT GELWICKS: Here.
MS. RANK: Miss Mahoney?
MS. MAHONEY: Here.
MS. RANK: Mr. Roman?
MR. ROMAN: Here.
PRESIDENT GELWICKS: Would all please rise for the Pledge of Allegiance?
(Whereupon the Pledge of Allegiance was recited.)
PRESIDENT GELWICKS: Anybody watching on television, this is not a village council meeting; this is a park district meeting which was rescheduled from last Thursday.
Madam Secretary, do you have any communica-

tions?
MS. BARR: I do not.
PRESIDENT GELWICKS: Do we have any visitors? Not at the moment.
Moving on, Bill, to the consent agenda.
MR. McADAM: Thank you. This evening on our consent agenda we have approval of minutes from March 21st, 2013, the regular and executive session minutes, treasurer's report, payment of the bills in the amount of $690,359.35, and payout number one to Hacienda Landscaping for Gilbert Park playground renovation.
PRESIDENT GELWICKS: Can I have a motion, please?
MR. ROMAN: Move to accept the consent agenda as presented including payment of the bills in the amount of $690,359.35.
MS. MAHONEY: Second.
PRESIDENT GELWICKS: Roll call, please?
MS. RANK: Mr. Roman?
MR. ROMAN: Aye.
MS. RANK: Miss Mahoney?
MS. MAHONEY: Aye.

1 MS. RANK: Miss Barr?
2 MS. BARR: Aye.
3 MS. RANK: Mr. Cushing?
4 MR. CUSHING: Aye.
5 MS. RANK: Mr. Gelwicks?
6 PRESIDENT GELWICKS: Aye. Motion is approved.
7 MR. McADAM: Our first action item this evening
8 is consideration of Resolution 13-01 authorizing the
9 commitment of fund balance in the General Fund for
10 the preservation of funds and future expenditures.
11 This was also discussed in one of the budget
12 meetings as a result of the refinancing of the
13 previous bonds which required the commitment within
14 the fund -- the bond and interest funds. We're no
15 longer to do that. Staff's recommendation at that
16 time was to move that fund into the General Fund but
17 to commit that for future capital expenditures. And
18 the resolution before you is reflective of that.
19 PRESIDENT GELWICKS: Can I have a motion, please?
20 MS. MAHONEY: I will move to approve Resolution
21 13-01, a resolution authorizing the commitment of
22 fund balance in the General Fund for the preservation

1 of funds and future expenditures as presented.
2 MR. CUSHING: Second.
3 PRESIDENT GELWICKS: Any discussion? Roll call,
4 please?
5 MS. RANK: Miss Mahoney?
6 MS. MAHONEY: Aye.
7 MS. RANK: Mr. Cushing?
8 MR. CUSHING: Aye.
9 MS. RANK: Miss Barr?
10 MS. BARR: Aye.
11 MS. RANK: Mr. Gelwicks?
12 PRESIDENT GELWICKS: Aye.
13 MS. RANK: Mr. Roman?
14 MR. ROMAN: Aye.
15 PRESIDENT GELWICKS: Motion is approved.
16 MR. McADAM: Our next action item is Resolution
17 13-02 authorizing the commitment of fund balance in
18 the Capital Projects Fund for the completion of the
19 Memorial sports field lighting replacement project.
20 That was budgeted for in our current budget. This
21 resolution will recognize that that project will not
22 be completed until next year's budget and commit those

1 funds for next year's expenditure.
2 PRESIDENT GELWICKS: Can I have a motion, please?
3 MS. BARR: Move to approve Resolution 13-02
4 authorizing the commitment of fund balances in the
5 Capital Projects Fund for completion of the Memorial
6 sports field lighting replacement.
7 MS. MAHONEY: Second.
8 PRESIDENT GELWICKS: Any discussion? Roll call,
9 please?
10 MS. RANK: Miss Barr?
11 MS. BARR: Aye.
12 MS. RANK: Miss Mahoney?
13 MS. MAHONEY: Aye.
14 MS. RANK: Mr. Cushing?
15 MR. CUSHING: Aye.
16 MS. RANK: Mr. Gelwicks?
17 PRESIDENT GELWICKS: Aye.
18 MS. RANK: Mr. Roman?
19 MR. ROMAN: Aye.
20 PRESIDENT GELWICKS: Motion is approved.
21 MR. McADAM: Next is the requesting approval of
22 Resolution 13-03 authorizing tentative form of budget

1 and appropriation ordinance for fiscal year 2013 to
2 2014 be made available to public inspection and
3 setting forth date of the public hearing on the same.
4 PRESIDENT GELWICKS: Can I have a motion, please?
5 MR. ROMAN: Move to approve Resolution 13-03
6 authorizing tentative form of the budget and appropria-
7 tion for fiscal year 2013-2014 be made available to
8 public inspection and setting forth date for the
9 public hearing on the same.
10 MS. BARR: Second.
11 PRESIDENT GELWICKS: Any discussion? Bill, you
12 might comment about those sheets that came out
13 tonight that got passed out.
14 MR. McADAM: The sheets that were passed out
15 tonight update some changes that came out of the last
16 budget meeting. One thing we're looking to do is
17 providing you with a three-ring binder so you can
18 keep updated on those changes. Those sheets that were
19 passed out tonight will be reflected in what we put
20 on public display.
21 PRESIDENT GELWICKS: Any other discussion? Roll
22 call, please?

MS. RANK: Mr. Roman?
MR. ROMAN: Aye.
MS. RANK: Miss Barr?
MS. BARR: Aye.
MS. RANK: Mr. Cushing?
MR. CUSHING: Aye.
MS. RANK: Mr. Gelwicks?
PRESIDENT GELWICKS: Aye.
MS. RANK: Miss Mahoney?
MS. MAHONEY: Aye.
PRESIDENT GELWICKS: Motion is approved.
MR. McADAM: Finally the last action item this evening is we're requesting authorization to bid replacement of Case 380B tractor and John Deere 1500 aerator. And if the board has any questions Geoff will be happy to answer those.
PRESIDENT GELWICKS: Can I have a motion?
MS. MAHONEY: I move to grant authorization to bid for the purchase of one Vertidrain deep tine aerator and one specialized tractor to operate the aerator and replace a 1987 Case 380B tractor in the amount of -- technically it's in the 2013-2014 budget.

MR. CUSHING: Second.
PRESIDENT GELWICKS: Any discussion? Would you like to say something?
MR. PENMAN: Good evening.
PRESIDENT GELWICKS: Good evening.
MR. PENMAN: What we're requesting is just the authorization to go out to bid. This is in the coming fiscal year's budget. That is a good opportunity. We're replacing an aerator at the golf course and we have a tractor that's due to be replaced within the parks division. So this is one of those good opportunities to be able to marry the two, get a tractor that can run the Vertidrain and we need a new tractor for the parks operation as well. So it works well from that perspective, but that's the reason it makes sense to bid those two together.
PRESIDENT GELWICKS: Sounds good. Roll call, please?
MS. RANK: Miss Mahoney?
MS. MAHONEY: Aye.
MS. RANK: Mr. Cushing?
MR. CUSHING: Aye.

MS. RANK: Miss Barr?
MS. BARR: Aye.
MS. RANK: Mr. Gelwicks?
PRESIDENT GELWICKS: Aye.
MS. RANK: Mr. Roman?
MR. ROMAN: Aye.
PRESIDENT GELWICKS: Motion is approved.
MR. PENMAN: Thank you.
PRESIDENT GELWICKS: I have just a couple of items. One is obviously we had a significant event in the community last week. And I really appreciate all the efforts of the park district staff in, first off, trying to get to work last week. I know a lot of people were here doing a lot of things to mitigate what was a significant event. I really appreciate everything the staff did on behalf of the community last week.
Also I'd like to acknowledge that Washington and McCollum, the detention basins, seemed to work. They were full to the brim in terms of stormwater and appear to have dissipated over time appropriately. So that seems to be a really good event, and it looks

like the engineering worked on that. Hopefully some people in the community were positively impacted by the fact that the stormwater moved away from their area of the community.
The last thing I have, I got an e-mail this week from Patti Bellock's office announcing that we are receiving a $35,000 grant from the State of Illinois for infrastructure projects. So Bill's got that too. So very good news for us, and it came as a little bit of a surprise at this point in time. So a really nice thing. I would like to thank Patti for that.
Any commissioners have anything? Okay. Bill?
MR. McADAM: First thing I would like to do is thank the staff for everything they did last week during the torrential downpour. It was a pleasure to work with the staff. Everybody really to a person jumped in and said what can I do and how can I do it. We even had staff that couldn't get here and ended up walking in and couldn't make it to where they normally work but went to the nearest facility and

13

what can I do to help. And we had staff that we were able in the afternoon to move from some of our areas and able to help the village as well in their public works. Just a real park district and community coming together. I like to think a lot of people experienced things particularly at the Lincoln Center where we had flooding on both the gyms and the ground floor. And custodians who had been there for a number of years had never seen that before. So we had that dried out, cleaned up and back in service, part of it, in a day and the rest by Monday morning. So my hat's really off to them. Couldn't have done a better job.

Two other things. One is just to give you a heads-up on May 29th. The high school district is allowing us to use South's auditorium for us to conduct an all-staff meeting. We will have some staff that we know of will be working in our facilities. It's hard in our operation to get everybody together, but we're going to try and get as many people together as we can right before the summer. All of our seasonal staff, a lot of youth that we bring in on staff, all

14

of our departments basically just to go over what the bigger, broader picture is, what we do for the community, what the park district's mission is, meet all the different department heads, the different departments and a little bit of cheerleading too to be able to go out and have a great summer with what we're doing. And any commissioner is welcome to attend that as well. Staff likes to meet with the commissioners if you are available. And we're still working on the final time of that. It'll be mid-afternoon. We'll let you know exactly when that is. We have to let school get out first and we'll work around that.

Lastly it's not on line yet, but I want to congratulate our staff. They have been working diligently on putting together a page that we'll be able to update in real time for our facilities and our fields and our parks as far as status goes, open, closed or on hold. On hold being that if they feel in the morning we're thinking it'll be ready by the afternoon, we'll put that on hold. Our plan is to have that updated in real time. So we change it from

15

red to green. So you can go right to our website and see in real time what's open and closed. In hindsight it would have been great to have that a week ago. It would have gone all red except for the Rec Center. But I congratulate the staff working on that.

PRESIDENT GELWICKS: Great. We have a Recreation report.

MR. KELLY: Good evening. Before you you have the complete recreation report for March. To summarize the report tonight I would like to let the board know first of all that I am developing with staff a new format for the recreation report. So you will see that over the next few months. That will have -- it'll take some time to implement fully. Hopefully we will have a better comparison for you on a month-to-month basis with some of the figures, numbers of attendance along with year-to-date status comparison. Just to give you a heads-up on that.

Staff has been very busy in preparing for -- in working in the spring and preparing for the summer seasons. Obviously with the weather they have

16

been very busy shifting programs and working with affiliate groups for fields and those types of situations, and they have done a great job.

To continue with the flooding situation, the golf course was closed Thursday through Sunday, and all things considered I think that the course is obviously a well-draining facility with the amount of water that was out there. The driving range remains closed. There's still water off of number nine up and to the driving range to about 185 yards out. So once that continues to recede staff will then allow irons only and eventually to the full bag. So we'll keep monitoring that situation.

As Bill mentioned the Lincoln Center was closed for Thursday. All programs were cancelled on Thursday. The Lincoln Center was closed Thursday completely due to the water situation in the lower levels. Again staff did an awesome job working together to get to work and to attend to these situations. And I think that, you know, to reopen that facility on Friday is a true testament to everybody's teamwork, and it was an awesome thing in

17

1 a terrible time.
2 Moving on to programs, our summer camp
3 registration is very strong; continues to be up from
4 last year. Open gyms at the Rec Center saw an
5 increase of over 300 compared to March of last year.
6 Keep in mind March of last year temperatures were in
7 the '80s so people were outside. But still good
8 numbers.
9 Our popcorn matinees at the Active Adult
10 Center saw 80 total participants for two matinees.
11 First Girls-Only Wilderness Skills Workshop
12 at Lyman Woods went and was a good success. Three
13 sessions of spring break camp went at Lyman Woods
14 which again is a new-found success with two of those
15 sessions being filled completely. Ten children
16 enjoyed the American Doll Spring Break Camp at the
17 museum.
18 Some special events or a special event
19 happened in March at the Lincoln Center, our Passport
20 to Safety which is in conjunction with the police
21 department and the village with over 140 children
22 and families in attendance at that event. It was a

18

1 great event. I was there that morning and it went
2 very well.
3 Over at the Lincoln Center the registration
4 office has been completely moved down to the main
5 level which is, you know, through our conversations
6 in the past a good thing from a customer service point
7 of view and a security point of view. So we're very
8 excited about that. Staff did a great job in
9 attaining that goal.
10 Staff has been very busy preparing for the
11 and now has been opened the April 20th miniature
12 golf opening. So we did open that Saturday. All
13 things considered and the weather it was a good
14 success. We have a new point of sale system at
15 miniature golf which allows for quicker and more
16 accurate report printing, and there is use of credit
17 cards. So hopefully we'll see increased business
18 this upcoming season.
19 Golf programs and leagues are beginning in
20 April and May, so we're looking forward to that. We
21 saw 863 rounds in March and 620 buckets sold in the
22 month of March.

19

1 Our Zero Enrollment Special over at 4500
2 Fitness saw 174 new memberships equalling to 301 new
3 members total. Usage was up about 1300 for the month
4 of March this year to last, and our total revenue was
5 up $5,000 from March of 2012.
6 I would like to just add again to add to
7 Bill's comment about District 99, the use of the
8 auditorium, staff has been in several meetings, one
9 to introduce ourselves as our new directors. But we
10 met with the village administration, we have met
11 with the village police department and from that we
12 will break that down and get to smaller group meetings
13 for security at our special events in light of what
14 happened in Boston. Facility lockdown procedures
15 we'll be discussing with the police department and
16 also -- there's one other thing; excuse me -- and
17 then just general safety concerns throughout the
18 district as well in our parks.
19 We met with the superintendent of District
20 58, and shortly myself and staff will be going out
21 to tour all the facilities at District 58 so we are
22 more accustomed to exactly what we're dealing with

20

1 with our programs. That will be coming up in the
2 near future.
3 We met with District 99 Superintendent
4 McDonald along with his ADs and facilities scheduler.
5 And we will be meeting quarterly beginning in May
6 with the ADs and the facility scheduler to make sure
7 we are maximizing the facilities of both of these.
8 And we're very excited about that moving forward.
9 Bill mentioned the use of the auditorium.
10 And again sometime this summer there when the school
11 year winds down staff will be touring both North and
12 South facilities just to make sure we're attuned to
13 the facilities.
14 I believe that's it. Are there any
15 questions?
16 PRESIDENT GELWICKS: Thank you.
17 MR. McADAM: There is one thing I want to add
18 Jay touched on with the point of sale at mini golf
19 and also credit cards and Wi-Fi there. Both for
20 limited perimeters at mini golf and at the baseball
21 core there's public Wi-Fi available too. So if you
22 are out in the park you will be able to tap into that

21

1 Wi-Fi while you're out there.
2 MR. BECKLEY: Good evening. We had a lot of
3 action on our Facebook page and website last week due
4 to the storms which allows us to update quickly
5 closings and cancellations. Paul was actually nice
6 enough to go out and get a lot of photos for us on
7 Thursday as well which we posted. And we have had a
8 lot of activity.
9 We also posed some questions for the
10 strategic planning process which we have gotten a lot
11 of responses on so far on Facebook and the website.
12 For the month of March media coverage for
13 the park district totaled 22 articles and six photos.
14 The spring issue of Park Places newsletter
15 went out on Friday, April 5th. Information on the
16 strategic planning focus groups was included in that
17 as well as highlights on summer camps, the summer
18 concert series and special events.
19 The Summer Recreation and Parks Guides are
20 currently printing, and it went up on line on Friday,
21 April 19th and it will be mailed to residents this
22 Friday, April 26th.

22

1 We were also published in the March issue
2 of the Parks and Rec Business Magazine with an article
3 on history and maintenance of our golf course which
4 I provided for you this evening.
5 And the special event update includes summer
6 concert series which actually begins next month on
7 May 21st. And the schedule is available on our
8 website.
9 Plans for movies in the park and the
10 inaugural chili cook-off are moving along quickly,
11 and I will keep you updated on those as we get closer.
12 I am also currently working on bringing the
13 brochure interface of our registration system on line
14 to begin utilizing that and other features that can
15 be directly integrated into our website from our
16 registration database like program calendars, event
17 calendars and then developing reporting features as
18 well. And with that I can answer any questions.
19 MR. CUSHING: Any of the pictures from Paul
20 from Lyman?
21 MR. BECKLEY: Shannon got some pictures out at
22 Lyman Woods. They were not posted on our Facebook

23

1 page, but we can have some if you would like to see
2 them. We had a little bit of trail damage, you know,
3 she's working on now.
4 PRESIDENT GELWICKS: Thank you.
5 MR. BECKLEY: Thank you.
6 PRESIDENT GELWICKS: Park planning.
7 MR. FYLE: Good evening. I just wanted to add
8 to some of the comments from Commissioner Gelwicks
9 about the Washington Park thing. We had been told
10 by the village engineers when it was designed that the
11 basin should drain within 48 hours, and I think we
12 saw that happen. I know Thursday afternoon it was
13 full to the brim -- the south basin in particular
14 was overflowing onto the street -- and I believe by
15 Saturday it had drained down and kids were playing on
16 the field on Sunday. The following day after it was
17 drained they played. It was remarkable to see that.
18 At Gilbert Park our new playground equipment
19 was delivered to the park on April 8th, and our
20 contractor began installation last week about the
21 middle of the week and we then had the rain. And they
22 actually came back. They were back out there working

24

1 on Friday. The creek had come up over its bank. The
2 creek there at the park had come over into the play-
3 ground area, and Friday it had just gotten back down
4 out of the playground and they were back there working.
5 They have been working hard. All the equipment has
6 been assembled and ready for concrete footings and
7 then we will have to let it dry out. Hopefully
8 tomorrow will be dry and then they can pour the
9 concrete. So that should be moving along nicely
10 there.
11 Barth Pond dredging project. The request
12 for qualifications for design-build services for the
13 dredging of the pond is currently out. It's been
14 publicized and the request for qualifications is
15 available for download on the park district's website.
16 The statements of qualification from contractor
17 engineering teams are due May 10th. Once we receive
18 those we will be reviewing those with the village
19 and selecting a few firms to send a request for
20 proposal.
21 Blodgett House. The structural improvement
22 plans are currently under review by the village

building department. And also Lincoln Center staff has engaged an architect to begin simple design work for permanent office front counter relocation, redesign work as well as proposed second floor pre-school room renovations which those would include the design of a new preschool restroom within the former registration office.

With that I would be happy to answer any questions.

PRESIDENT GELWICKS: No? Thanks. Thank you.

MR. FYLE: Thank you.

PRESIDENT GELWICKS: Mr. Parks?

MR. PENMAN: Good evening.

PRESIDENT GELWICKS: Are you dried out?

MR. PENMAN: Not completely but we're working on it. Busy spring thus far a little bit.

Some highlights from March include in-house tree pruning and removals. We had seven removals throughout the parks, seven at the golf course as well. That was back in March when we were still clearing snow and doing some other things.

Athletic field preparations and spring

clean-up were definitely a big parts of getting things going during March. Staff also refurbished Memorial benches, installed address numbers on the Lincoln Center sign in order to comply with the village's sign ordinance. As part of the Gilbert project -- and this has been a little more recently -- staff was able to go out and pull the footings over there. Found some extras we weren't counting on from our last playground. So that was kind of a nice find. And obviously some flood clean-up last week. And that's going to be ongoing for the next couple weeks.

A couple things to look out for is Arbor Day coming this week Friday. On the 26th at 12:30 at Hummer Park we're going to be doing a tree planting over there with students from Whittier School.

And then also another thing to watch for is in the parks we have some tags from the Arboretum that we can actually -- they will calculate the value of that tree. So when you see a big price tag on a tree that's going to be something interesting for people to be able to pay attention to and see the value. There's a calculator on line and you can

plug all that information in as far as how big it is, how old it is and the species and what value it has for the community. That's something to look for out in the parks.

That being said I can answer any questions.

PRESIDENT GELWICKS: Anybody? I have one. Thorguard, is it turned on?

MR. PENMAN: Yes.

PRESIDENT GELWICKS: It is turned on. All right. Thanks.

MR. PENMAN: Thank you.

PRESIDENT GELWICKS: SEASPAR?

MR. ROMAN: At this month's meeting probably the biggest thing that was done would be the board passed SEASPAR's 2013-2014 budget. Each of the board members should have gotten a copy of that budget. And Bill just let me know that's going to be on the agenda at the meeting on May the 2nd.

I also wanted to let people know that SEASPAR's summer brochure is available and you can pick those up at SEASPAR.

Some upcoming events that are coming up.

The annual Believe and Achieve banquet will be Wednesday, May the 15th. There's going to be some fundraisers going on. The first is a concert by American English at Tivoli Theater. It's going to be on May the 2nd. There will be tickets that are available at SEASPAR and I believe they will be available at the door as well.

Then there's going to be a plant sale happening where part of the revenues generated that day will go to the benefit of SEASPAR. That's going to be at the Bronswood Greenhouse. That's in Hinsdale a block north of Ogden on Madison. And that's going to be on Tuesday, May the 7th, and then there's going to be a second day on Thursday, May the 16th.

And then there's the annual Walk-and-Roll-A-Thon is going to be taking place on May the 19th, and that's going to be held at Ebersold Park starting at 10:00 a.m.

PRESIDENT GELWICKS: Any questions? The plan commission had nothing for us.

Any unfinished business?

1 MR. McADAM: No.
2 PRESIDENT GELWICKS: Anybody? Any new business?
3 MR. McADAM: No.
4 PRESIDENT GELWICKS: Nobody? Any visitor like
5 to address the board at this time? Not seeing any,
6 motion to adjourn to executive session?
7 MR. ROMAN: Move to adjourn to executive session
8 as per the items listed in the agenda this evening.
9 MR. CUSHING: Second.
10 PRESIDENT GELWICKS: Roll call, please?
11 MS. RANK: Mr. Roman?
12 MR. ROMAN: Aye.
13 MS. RANK: Mr. Cushing?
14 MR. CUSHING: Aye.
15 MS. RANK: Miss Barr?
16 MS. BARR: Aye.
17 MS. RANK: Mr. Gelwicks?
18 PRESIDENT GELWICKS: Aye.
19 MS. RANK: Ms. Mahoney?
20 MS. MAHONEY: Aye.
21 PRESIDENT GELWICKS: Motion is approved. We
22 are adjourned. Good evening, everyone.
