1 Would anybody like to speak at this time? Come on  
2 up to the podium.

3       MAYOR TULLY: Thank you. Good evening,  
4 Mr. President, Commissioners, Mr. Cermak. Good to  
5 see you tonight. My name is Martin Tully, 4808 Cornell  
6 Avenue. I also happen to be the newly-elected mayor  
7 of Downers Grove. I am here tonight to introduce  
8 myself although many of you probably know me -- at  
9 least I hope you do -- and congratulate the new and  
10 returning members to the board. Congratulations.  
11 And we all on the village council look forward to  
12 working with you.

13                   In particular I am here to encourage that  
14 whenever possible our taxing bodies at the policy  
15 maker level -- because I know our staffs already work  
16 together really well -- at the policy maker level  
17 encourage us to work together and collaborate or at  
18 least explore opportunities to do so whenever possible  
19 so as to more effectively and more efficiently serve  
20 our mutual constituents. Obviously we're all very  
21 pressed these days with the economic circumstances,  
22 and the more we can work together to do more with less

1 I would like to welcome those opportunities to work  
 2 with you to do so.  
 3 In particular one idea that I would like  
 4 to invite you to seriously consider is the concept  
 5 of engaging in a super retreat where the policy makers  
 6 of all the various taxing bodies in Downers Grove or  
 7 that serve Downers Grove were to gather together in  
 8 one large retreat where we can actually inform one  
 9 another about mutual projects, challenges and most  
 10 importantly solutions. In the early part of the last  
 11 decade we did something like that over at the cafe-  
 12 torium of Downers Grove South. It was very successful,  
 13 and everyone left the meeting with much more informa-  
 14 tion and ideas and potential ideas for innovation  
 15 than beforehand. So the date is to be determined,  
 16 but I am officially inviting you as I also have  
 17 District 99, District 58, the library board, sanitary  
 18 district, etc., etc., and hopefully we can put it  
 19 together at some point in time when it's mutually  
 20 convenient.  
 21 In the meantime I am proud to say that  
 22 Commissioner Becky Rheintgen will be the official

1 village council liaison to this board. Commissioner  
 2 Rheintgen is here tonight and is already doing a  
 3 yeoman's task in her liaison role. So if you have  
 4 any questions or issues or lines of communication at  
 5 a village council level, please feel free to contact  
 6 Commissioner Rheintgen.  
 7 Of course feel free to contact me at any  
 8 point in time. I am more than happy to speak to you  
 9 about any issues that affect our mutual constituents  
 10 or just generally as I am enjoying the fine parks.  
 11 And with that I appreciate you giving me the time to  
 12 speak with you tonight. I look forward to working  
 13 with you.  
 14 PRESIDENT GELWICKS: Thanks, Martin. We certainly  
 15 have had a good relationship with the village over the  
 16 last several years with the various projects that we  
 17 have joined and partnered on. Look forward to  
 18 continuing to do that.  
 19 MAYOR TULLY: Thank you.  
 20 MR. BILL WROBEL: Good evening, Commissioners.  
 21 My name is Bill Wrobel. I live at 7800 Queens Court  
 22 in Downers Grove. I have been a resident of Downers

1 Grove for 42 years, supported with my tax dollars  
 2 the park district. And I don't come to the park  
 3 district meetings very often. But I have been  
 4 provoked by the conduct of this board under the  
 5 directorship of the chairman, Bob Gelwicks.  
 6 I am humiliated to see the Downers Grove  
 7 Reporter carrying all this. I picked up today's  
 8 Bugle: Park District Files Complaint in Tampering  
 9 Case. I am really quite perturbed that, Mr. Gelwicks,  
 10 under your chairmanship you didn't have the good sense  
 11 to handle this in a much more -- how would you call  
 12 it -- socially correct way and have provoked the  
 13 citizens of Downers Grove. I am not alone in how I  
 14 feel. I think you have gone too far. You and Miss  
 15 Mahoney have been quoted as also an advocate of fines  
 16 and things like this. This is absurd. And if you  
 17 can't correct it I would suggest that you and the  
 18 board put their heads together and promptly elect a  
 19 new chair who can give better direction on human ideas,  
 20 human faculties of this board. I am embarrassed to  
 21 say I am a member of the Downers Grove Park District  
 22 and pay my taxes to you under your leadership, sir.

1 I think I made my point.  
 2 PRESIDENT GELWICKS: Sir, I would be happy to  
 3 speak with you at any time with regards to the issues  
 4 you have. I would be very happy to talk to you.  
 5 MR. WROBEL: Thank you, sir.  
 6 PRESIDENT GELWICKS: Anybody else? Okay. Moving  
 7 on Dan, consent agenda.  
 8 MR. CERMAK: Yes. You have the consent agenda  
 9 in front of you this evening. It includes the approval  
 10 of the minutes of April 21st, both the regular and  
 11 executive session meetings; the treasurer's report;  
 12 the payment of the bills in the amount of \$1,011,429.06;  
 13 payout number one to Corporate Construction Services  
 14 for McCollum Park infrastructure renovation work;  
 15 payout number three to V3 Construction Group for Barth  
 16 Pond shoreline pathway improvements; payout number six  
 17 to Engineering Resource Associates for Barth Pond  
 18 shoreline engineering services; payout number three  
 19 and 23 to Engineering Resource Associates, Incorporated  
 20 for Lyman Woods streambank work in regard to stabili-  
 21 zation Project Area II Phase III and Project Area  
 22 III Phase III also; payout number six to Camosy Con-

1 struction for work at the Fishel Park band shell;  
 2 Ehlike Lonigro Associates Fishel Park band shell design  
 3 additional services request; and lastly a housekeeping  
 4 item in regard to the end of this fiscal year with  
 5 budget transfers.  
 6 PRESIDENT GELWICKS: Can I have a motion,  
 7 please?  
 8 MS. MAHONEY: I will move to accept the consent  
 9 agenda as presented including the payment of the bills  
 10 of \$1,011,429.06.  
 11 MR. CUSHING: Second.  
 12 PRESIDENT GELWICKS: Roll call, please?  
 13 MS. RANK: Miss Mahoney?  
 14 MS. MAHONEY: Aye.  
 15 MS. RANK: Mr. Cushing?  
 16 MR. CUSHING: Aye.  
 17 MS. RANK: Miss Barr?  
 18 MS. BARR: Aye.  
 19 MS. RANK: Mr. Gelwicks?  
 20 PRESIDENT GELWICKS: Aye.  
 21 MS. RANK: Mr. Roman?  
 22 MR. ROMAN: Aye.

1 PRESIDENT GELWICKS: Motion is approved.  
 2 MR. CERMAK: Thanks very much. As you can see  
 3 we have been quite busy.  
 4 Moving along to the active agenda the first  
 5 item this evening is request for approval of the  
 6 SEASPAR budget for fiscal year '11-'12. And I believe  
 7 the former SEASPAR representative who was at their  
 8 budget meeting when the budget was approved, Commis-  
 9 sioner Barr, will review that with you.  
 10 MS. BARR: Yes. The budget for SEASPAR has  
 11 remained basically unchanged since last year. It is  
 12 \$370,455. And SEASPAR has done a good job. You have  
 13 in front of you their proposed operating budget and  
 14 expenditures. Does anyone have any questions I can  
 15 answer?  
 16 PRESIDENT GELWICKS: Anybody?  
 17 MS. BARR: Then I will move that we approve the  
 18 SEASPAR budget for fiscal 2011-2012 in the amount of  
 19 \$370,455.  
 20 MR. ROMAN: Second.  
 21 PRESIDENT GELWICKS: Any discussion? Roll call,  
 22 please?

1 MS. RANK: Miss Barr?  
 2 MS. BARR: Aye.  
 3 MS. RANK: Mr. Roman?  
 4 MR. ROMAN: Aye.  
 5 MS. RANK: Mr. Cushing?  
 6 MR. CUSHING: Aye.  
 7 MS. RANK: Mr. Gelwicks?  
 8 PRESIDENT GELWICKS: Aye.  
 9 MS. RANK: Miss Mahoney?  
 10 MS. MAHONEY: Aye.  
 11 PRESIDENT GELWICKS: Motion is approved.  
 12 MR. CERMAK: Thank you. Moving along to the  
 13 second item on the active agenda we have a request  
 14 from staff regarding the scheduling of a special  
 15 meeting. We talked about this at the last board  
 16 meeting. We had requested at that time that the  
 17 board consider and bring their calendars tonight an  
 18 option for a special meeting in order to approve the  
 19 McCollum Park renovation bids. The bids will be --  
 20 The bids were actually let yesterday. So they're  
 21 out on the street. They are due back to us on June  
 22 the 22nd.

1 I have talked to several of you in the  
 2 meantime, and I know we might be out of luck until  
 3 at least July the 9th. That prompted a phone call  
 4 this morning from me to the construction manager ask-  
 5 ing him is it worth saving ten days to hold a special  
 6 meeting. He was really ambivalent on it. He did not  
 7 think it would save us a great amount of time.  
 8 However, if the board would still like to proceed  
 9 with scheduling this special meeting we can look at  
 10 any time. I believe Commissioner Mahoney is out of  
 11 town July 9th. We can look at any time after that  
 12 if you would like to. The next meeting after that  
 13 July 9th date would be the regularly-scheduled meeting  
 14 on July the 21st.  
 15 PRESIDENT GELWICKS: What is your preference?  
 16 MR. CERMAK: Todd, do you have a preference?  
 17 The CM is ambivalent.  
 18 MR. REESE: I think their point was that they  
 19 can get rolling any time. From staff's standpoint I  
 20 think that we believe that ten days does or could make  
 21 a difference. We'd hate to lose ten days to good  
 22 weather. So if we can that's great but not at any

1 great inconvenience to the board.  
 2 MS. MAHONEY: What else is on that July agenda?  
 3 MR. CERMAK: I believe the only thing on that  
 4 agenda is naming of the Fishel Park band shell. I  
 5 think we're okay with the 21st.  
 6 PRESIDENT GELWICKS: Okay.  
 7 MR. CERMAK: I don't think we'll have a problem.  
 8 PRESIDENT GELWICKS: Okay. We'll just leave it  
 9 as it is.  
 10 MR. CERMAK: Right.  
 11 PRESIDENT GELWICKS: And if you need something  
 12 we can always two days ahead of time --  
 13 MR. CERMAK: If something changes I will call  
 14 you.  
 15 PRESIDENT GELWICKS: -- we can put something  
 16 else in place.  
 17 MR. CERMAK: I appreciate that. Thank you.  
 18 Moving along the next report is the director  
 19 of parks, Mr. Reese, with the Parks report.  
 20 MR. REESE: Thank you, Dan. Good evening,  
 21 Commissioners. We'll keep our report brief this  
 22 evening. We wanted to note a couple of attachments.

1 Attached to our monthly board report there  
 2 is a Fishel Park restroom schedule memo. And we'd be  
 3 happy to answer any questions with regard to that.  
 4 In terms of major projects the Patriots  
 5 Park/Barth Pond shoreline improvements are progressing  
 6 very well. We have been out on the site. Paul and I  
 7 were out today. In fact, we met with a resident in the  
 8 last couple of days. Contractors are making great  
 9 progress. All the steel seawall is out. The stone  
 10 edge is in and completed. They have stoned the path  
 11 around the south shoreline. They're up on the north  
 12 side now just about down to the east side. And there  
 13 they have already started excavating for the two  
 14 stairways and carriage walk along the parking areas.  
 15 So we have been pretty fortunate with the weather,  
 16 especially with respect to rain. The levels have  
 17 stayed down in the pond which has made it easier for  
 18 the contractor. We're looking forward to having that  
 19 reopened to the public in mid-June. Right now we  
 20 think that's June 15th.  
 21 With respect to the Fishel Park band shell  
 22 construction again it's going very well. We did have

1 a couple of days of light rain. We lost a day this  
 2 week, but we're still on schedule for a June 21st  
 3 inaugural concert at the new band shell. If you  
 4 have been out there you have seen that they're about  
 5 90% complete with the limestone veneer. They're  
 6 working on the metal studs under the main pavilion  
 7 roof. They're working on framing out the crowns or  
 8 the tops of the different towers. And we're just  
 9 extremely pleased with how it fits on the site.  
 10 Again that's a June 21st inaugural concert. And we  
 11 do have attached to our board reports some progress  
 12 photos. If you have any questions we'll be happy to  
 13 answer those.  
 14 On McCollum Park renovation you heard Dan  
 15 mention tonight that we have put the project out on  
 16 the street to bid, and we're looking for those to  
 17 come back in, Paul, I think June twenty -- we'll  
 18 have recommendations, bids on June 9th and recommen-  
 19 dations to our staff on the 22nd.  
 20 With respect to park maintenance operations  
 21 the department's largest area of resource allocation  
 22 over the past thirty days has primarily been the

1 opening of facilities. So that's our general spring  
 2 clean-up, litter removal, athletic field preparation,  
 3 flower bed preparation, etc., specifically inspections  
 4 of buildings, play areas, soccer fields. The rest-  
 5 rooms again are open, we have opened the concession  
 6 stands at Doerhoefer and Memorial Parks, drinking  
 7 fountains and irrigation systems are all activated,  
 8 refuse collection is continuing, play equipment  
 9 repairs at Memorial, wind screens up at Doerhoefer  
 10 and McCollum, the Washington Park fountain has been  
 11 turned back on for the season.  
 12 On the golf maintenance operations side of  
 13 things we have completed our deep tine aerification  
 14 on the number 6 white tee. We have commenced  
 15 aerification in some of our historical wear areas,  
 16 application of crabgrass pre-emergents, seeding of  
 17 areas affected by crabgrass and rough damage last  
 18 season, fertilization of all greens and tees and tree  
 19 plantings throughout the course.  
 20 And with that I have got one final note.  
 21 We wanted to acknowledge just recently in the last  
 22 week our park maintenance staff has lost a long-time

1 employee, Len Fisher. He was our park foreman with  
2 us for 36 years. Accomplished a lot of great things  
3 while he was here. And we wish Len and his family  
4 all the best in the years to come. And with that  
5 we'd be happy to answer any questions.

6 PRESIDENT GELWICKS: Questions, anybody? I  
7 have a question. And I haven't looked recently.  
8 The flagpole at Cumnor, it was peeling paint or  
9 something to that effect. Can you talk to that?

10 MR. REESE: Sure can. As you know we had two  
11 outstanding issues. We had some flag hardware that  
12 was not working properly so the flag wasn't flying  
13 as well as it should. That took some time but it's  
14 finally been resolved. So that's the good news.

15 The peeling paint is something that  
16 surfaced relatively early or early in the year this  
17 year. They came back last fall, there was some minor  
18 peeling. They touched it up, but they had a lot  
19 more over the winter. We're working with T-Mobile  
20 and our attorneys to get it corrected as soon as  
21 possible.

22 PRESIDENT GELWICKS: This year?

1 MR. REESE: Absolutely.

2 PRESIDENT GELWICKS: Okay.

3 MR. REESE: There's been a lot of correspondence  
4 back and forth between the two attorneys. It's never  
5 been closed out, the project. It's been about  
6 eighteen months. Thank you.

7 MR. CERMAK: Next up we have the Recreation  
8 report. Director Pfundheller.

9 MS. PFUNDHELLER: Thanks, Dan. Good evening.  
10 The annual volunteer appreciation event took place  
11 at the golf club on April 27th with about 60 guests  
12 in attendance. In 2010 the district benefitted from  
13 the time and efforts of 681 active volunteers that  
14 provided more than 12,000 volunteer hours in the  
15 areas of parks, recreation, museum and natural areas.  
16 This is valued at over \$106,000.

17 Special recognition was given to Gordon  
18 Goodman and Charley Smart in appreciation of their  
19 work to restore the 1846 Blodgett House in cooperation  
20 with the district. Gina Leo, a high school student  
21 from Downers Grove North, was recognized for over  
22 108 hours of volunteer time with natural areas, and

1 Diane Meisner was recognized by the museum for her  
2 work on the Downers Grove Reporter phone project and  
3 her efforts to fulfill public research requests.

4 Last Sunday the annual gym shoe recycling  
5 program concluded which was at our facilities. We  
6 had a total of 700 shoes collected, and those will be  
7 forwarded to SCARCE and they are used to be recycled  
8 for item such as new sport surfaces, playgrounds,  
9 sports equipment.

10 And then this Saturday the annual kids  
11 flea market takes place at Hummer Park with kids and  
12 their parents selling used toys and sports equipment  
13 and getting all their money ready for their summer  
14 activities.

15 The annual pool pass exchange with neighbor-  
16 ing park districts is underway with almost 450  
17 residents taking advantage of the resident rate passes.  
18 That's the Lombard Paradise Bay Water Park, Cypress  
19 Cove Aquatic Park in Woodridge and Butterfield  
20 Aquatic Center.

21 Summer adult softball leagues began.  
22 Despite the weather we have 79 teams with more than

1 1100 players.

2 And we also have our youth soccer continuing  
3 on through mid-June with 760 players which is an  
4 increase of over a hundred from last year.

5 Finally I distributed a memo to everyone  
6 earlier tonight regarding the band shell grand opening  
7 festivities. I just want to quickly review that to  
8 have a vision of what we're planning to do. It's on  
9 Tuesday, June 21st. It's the first concert of the  
10 season. We'll have WLS radio on site. They will  
11 be doing some oldies music before we start the  
12 ceremony. We have a couple vendors on site selling  
13 food. We have a welcome speech by our park board  
14 president, and we have ribbon cutting with ceremonial  
15 scissors and our marketing table out there with some  
16 giveaways for the kids. And then we'll have the  
17 performance by the band which is about 90 minutes.  
18 And we have detailed some marketing initiatives  
19 we'll do prior to that. So if you have any questions  
20 on that or anything else, I would be happy to answer  
21 them.

22 PRESIDENT GELWICKS: Anybody?

1 MS. BARR: Sandy, would we see inviting the  
2 legion or one of the veterans groups?

3 MS. PFUNDHELLER: We have all the local  
4 community organizations, local state representatives,  
5 schools, library.

6 MS. BARR: I wonder if we need something more  
7 special to the veterans.

8 MS. PFUNDHELLER: I think the thought was that  
9 might be in July, if everything goes through with  
10 the proposed naming that there might be something in  
11 July that was done.

12 MS. BARR: Okay. So that would be later. Okay.

13 MR. CERMAK: I think the speech will probably  
14 mention that there is a proposal to name it Veterans  
15 Memorial Pavilion, but that wouldn't really happen  
16 until at least that July meeting.

17 MS. BARR: Okay.

18 PRESIDENT GELWICKS: Anybody else? Thanks.  
19 Sounds good.

20 MR. CERMAK: Moving along I believe the SEASPAR  
21 report would be next. I don't know if -- We're  
22 between meetings.

1 MR. ROMAN: No, unless you have something you  
2 would like to bring up I will go ahead with it.

3 I just wanted to bring up for the first  
4 thing both Janet and I attended the Believe and  
5 Achieve banquet, she as the board representative and  
6 me as a family member to a participant. And I just  
7 wanted to say what a wonderful opportunity it is to  
8 go to those. It is so nice to actually see all of  
9 the people involved in SEASPAR. You really don't  
10 get to see all the people pull together very often,  
11 and it's really nice to see all the people that  
12 SEASPAR touches in one way or another whether it's  
13 via the participants or whether it's the volunteers  
14 or the staff. And it's also nice to see the inter-  
15 action that we get between the staff members and the  
16 participants. It's really a nice thing to see. So  
17 I think congratulations are in order to that group  
18 for the nice banquet they put on.

19 I would like to bring up there are a few  
20 events coming up for SEASPAR that I would like to  
21 bring up. The first is actually going to be held on  
22 May 22nd which is this Sunday. It's going to be at

1 Ebersold Park at 10:00 o'clock. It's their annual  
2 Walk and Rollathon. The next activity that they  
3 have is they're going to have a Summer Kickoff at  
4 10:00 o'clock at Ty Warner Park in Westmont. And  
5 then -- And that's going to be on June the 12th.  
6 And the last one is they're going to have a golf  
7 outing on July the 22nd. And for that one they were  
8 asking specifically in the meeting for foursomes.  
9 They need more foursomes to sign up for that.

10 MS. BARR: I was really hoping maybe we could  
11 get a Downers Grove board foursome this year. If  
12 you would look on your calendars. Dan?

13 MR. CERMAK: We typically have one. I think  
14 last year we didn't have enough.

15 MS. BARR: That's two there hasn't been. People  
16 have said not this year but next year. So this is  
17 the year.

18 MR. CERMAK: We always ask the commissioners if  
19 they would like to participate. If they don't we  
20 force the staff to participate.

21 MS. BARR: Okay.

22 MR. ROMAN: And then there were two actual issues

1 that were brought up at the board meeting that I  
2 thought were interesting to bring up. The first is  
3 that SEASPAR is going to be going out and trying to  
4 get a long-range plan together as it's been ten years  
5 since they actually produced a long-range plan. And  
6 they're hoping to be able to survey participants,  
7 staff, other stakeholders and non participants. And  
8 they're hoping to have something in the works by  
9 fall.

10 And then the other issue that they brought  
11 up was that they had actually had two local area park  
12 districts not in SEASPAR approach them about the  
13 possibility of joining SEASPAR. And so that brought  
14 up an issue of what are the requirements to join  
15 SEASPAR. And from what I understand Brookfield was  
16 the last park district to join. And they came up with  
17 quite a list of requirements and things that they  
18 wanted to look at. And so they were going to go and  
19 move forward with trying to put all that information  
20 together and put out a document that could be reviewed  
21 by the park district to basically see what we wanted  
22 to do in terms of being able to add new members or

1 what was needed in terms of information. Any  
2 questions?

3 PRESIDENT GELWICKS: Anybody? We certainly have  
4 been strong supporters. And we pay our fair share  
5 of the budget.

6 MS. BARR: Yes, we do.

7 PRESIDENT GELWICKS: And so if they're able to  
8 extend it to more families, I think that's good news.

9 MR. ROMAN: I think they had some issues in  
10 terms of they wanted to make sure people who were  
11 coming in were willing to pay their fair share and  
12 that they weren't trying to take advantage of those  
13 of us that do, I guess.

14 PRESIDENT GELWICKS: Correct. Okay. I have  
15 nothing from a plan commission standpoint.

16 We have unfinished business. Anybody have  
17 any unfinished business? Anybody?

18 New business. Anybody have new business?  
19 Todd, in your memo tonight the Fishel Park restroom,  
20 do you want concurrence from us on how to move forward  
21 with that?

22 MR. REESE: Staff had a recommendation that for

1 now based on some of the factors and costs we  
2 presented to you that we open the restrooms there  
3 only on concert nights, special events or permitted  
4 events. And again the memo includes the costs  
5 associated with maintaining the restrooms. And we  
6 thought we'd like to try that from the start and see  
7 what happens. It's a downtown park so it's a little  
8 bit different than some of the parks where we have  
9 permanent restrooms and there are athletic fields,  
10 etc. So it's a different location for us.

11 PRESIDENT GELWICKS: Anybody? Any comments?

12 MS. BARR: I would kind of like to try opening  
13 the restrooms to the public for a while. We have  
14 spent a lot of money, and it seems a shame to just  
15 have them open four hours a week or so that we have  
16 an event going on in Fishel Park. It seems like it  
17 would allow us not to have portable toilets at  
18 Fishel Park, and it would -- I think visitors to  
19 the town would appreciate having an open restroom.  
20 I would like to try it and see. And if we found a  
21 pattern of problems then we would definitely have  
22 to address it. I would sort of like to go the other

1 way: Rather than starting out not opening it to the  
2 public start opening it and then just see if there's  
3 problems.

4 MR. CERMAK: Just one clarification on that.  
5 There will be no portable restrooms at Fishel this  
6 year.

7 MS. BARR: Okay.

8 MR. CERMAK: Those were only placed there for the  
9 concerts and special events.

10 MS. BARR: Okay. So they're not there.

11 MR. CERMAK: Last year they stayed there because  
12 you can't bring them in and bring them out every week.  
13 But this year since we have permanent facilities for  
14 the concerts and special events there will be no  
15 portable ones.

16 MS. MAHONEY: Todd, how do the washrooms at  
17 Hummer Park work?

18 MR. REESE: They're open twenty-four seven. And  
19 we open all of our restrooms sometime before May 1st.  
20 We try to get them open by late April, certainly  
21 early May, and we close them down just before  
22 Halloween. So pretty much all the way through October.

1 And we start shutting it down because use is down A,  
2 and B, because they are not heated restrooms so the  
3 pipes have to be drained down. They're open twenty-  
4 four seven. They never get locked.

5 We did state in our memo again because of  
6 the downtown location it's a little bit different.  
7 There's always, I think, a safety and security concern.  
8 Hummer Park is a park that does -- Actually those  
9 restrooms do see a lot of vandalism, and we believe  
10 it's the proximity to the downtown area. And so  
11 again here Fishel Park is literally a block off Main  
12 Street, and we do have some concerns there that we  
13 wouldn't have in other locations.

14 MS. MAHONEY: That was sort of my line of think-  
15 ing. I know there are problems at Hummer Park. Not  
16 only vandalism but there's some people who make the  
17 guests at the park rather uncomfortable who are  
18 around that facility, the bathrooms.

19 MR. REESE: We have worked with the police over  
20 the recent years dealing with people that are  
21 displaced, homeless people. And Hummer Park has been  
22 a problem area. The train station in some cases has

1 become a problem area. And I think we're -- again  
2 we don't want to say it's going to be a problem, but  
3 we'd like to anticipate that it could be and we need  
4 to be able to react to that.

5 MS. MAHONEY: With different activities from  
6 the Downtown Management Corporation, if they -- while  
7 maybe not renting the band shell for one of their  
8 activities, if they requested to have the washrooms  
9 open would that be something we could work out?

10 MR. CERMAK: Yes.

11 MS. MAHONEY: Because I think that's some of  
12 the -- I would like to have the band shell be part  
13 of a lot of the things that go on downtown. And  
14 whether inherently there's something actually going  
15 on there or not I think the washroom would be of use  
16 to the folks using the downtown area.

17 MR. REESE: Sure.

18 MR. CERMAK: I think that is the plan. It is  
19 kind of hidden in the memo, but we fully anticipate  
20 to work with the downtown group.

21 MS. MAHONEY: That would be my idea. Like the  
22 Friday night art shows and things like that, yeah.

1 Okay.

2 I at this point would support staff's  
3 recommendation and see how it goes. I would  
4 rather -- Because of the problems at Hummer Park I  
5 would like to not have that be our initial happenings,  
6 you know, at Fishel Park as soon as it opens. I  
7 think it will attract people.

8 MR. ROMAN: Can you talk to how much vandalism  
9 is actually going on at Hummer Park and kind of the  
10 cost involved in it and what you are seeing?

11 MR. REESE: Sure. I don't have exact figures,  
12 but I can tell you probably on a once-every-two-week  
13 basis we get a call from staff that people are coming  
14 out -- as they're coming in people are coming out.  
15 They have obviously stayed in the restrooms all night.  
16 They use the sinks to shower in. They totally tear  
17 apart the restrooms, and it takes us hours to clean  
18 them back up. I know last year too we also reported  
19 and worked with the police on a couple of issues where  
20 during the daytime other park users have gone to use  
21 the restrooms and it's not that they perceive there  
22 to be a physical threat more than that they're just

1 startled. They walk around the corner and there's  
2 somebody and they're startled. And that concerns  
3 them especially in parks where we have playgrounds  
4 and so forth. So we have worked with the police  
5 department. They have responded in all cases. But  
6 it's there and we know it's there, and we're trying  
7 to deal with it the best we can. They actually --  
8 People know our cleaning routines. So they're  
9 literally packing up and leaving as we're arriving  
10 in the morning at 7:00 o'clock.

11 MR. ROMAN: Is there an issue with opening and  
12 closing those bathrooms every day in terms of staff  
13 time?

14 MR. REESE: There would be a cost. We don't have  
15 people in the district at 11:00 o'clock at night to  
16 go around and close all the restrooms. And, you know,  
17 our parks are open dawn until dusk. And our staff  
18 isn't there again to reopen until 7:00, and we have  
19 many park users who are in the parks at 5:30, 6:00  
20 o'clock in the morning walking, jogging, etc. So  
21 they have learned that the restrooms are open, they're  
22 there for their convenience. So we really have two

1 issues. One is locking them down at night and then  
2 opening them up in the morning again. I think the  
3 second is a little bit easier to do. Either we just  
4 open at 7:00 or I am certainly willing to consider  
5 having someone come in and start early to get them  
6 open in the summer. But the nighttime is a problem  
7 for us.

8 MR. CERMAK: We have done it both ways throughout  
9 my years here. The reason we don't lock them down  
10 now is because the labor to get people out, to lock  
11 and open would be more expensive than the labor we  
12 spend to clean up. The labor factor I think on the  
13 Fishel one is -- I don't have the numbers in front  
14 of me. Todd?

15 MR. REESE: About \$25 a day I think is the  
16 normal service.

17 MR. CERMAK: It's very expensive to send staff  
18 over to clean each site and get them in shape every  
19 day.

20 PRESIDENT GELWICKS: So what's your preference,  
21 Mark?

22 MR. ROMAN: You know, I don't know if leaving

1 them open twenty-four seven is really a good idea  
 2 especially given that it's kind of in a hidden area  
 3 downtown there. But given the fact that you're kind  
 4 of -- The library opens at a certain time. And so  
 5 there's a facility there for people before the library  
 6 opens. It would be nice though to have someplace that  
 7 people could use in the downtown area. So I was more  
 8 thinking of that. I think the library stays open  
 9 late enough at night. I am not sure that that's as  
 10 much of an issue to me especially considering what  
 11 would be involved in getting the staff to go out at  
 12 something like you said 10:00 or 11:00 o'clock at  
 13 night. I think that gets to be a little bit much.  
 14 So I was thinking more along the lines of in the  
 15 morning of just being able to have something open.  
 16 Now, how early that ends up being and how early we  
 17 could actually send staff out and what the cost would  
 18 be, I mean I think that's something we have to weigh  
 19 into it.  
 20 MR. CUSHING: I would support staff's recom-  
 21 mendation as long as we can work with the downtown  
 22 groups if there are special events, the car shows,

1 things like that where we can get them opened up. I  
 2 think that serves the purpose of, you know, what we  
 3 put them there for. So I would support what you guys  
 4 are asking for as long as we can -- You know, if  
 5 there are events that may not be park district related  
 6 we can work with the village and with other groups to  
 7 make them available, I am for that.  
 8 PRESIDENT GELWICKS: Well, I think the one  
 9 topic that we should address at least surrounding  
 10 this issue is are the restrooms there for the use of  
 11 the people who use the park and the convenience of  
 12 them, or is it there for the general public as a  
 13 restroom. And I always thought the reason they were  
 14 put in there was for the use of our park visitors  
 15 and people that are primarily there to utilize our  
 16 facilities. We have never had any discussion I don't  
 17 think about being just basically a provider of rest-  
 18 rooms for the general public. Any thoughts on that?  
 19 MR. ROMAN: I guess I make the observation  
 20 though that parks are open from dusk to dawn. So I  
 21 mean how do you facilitate that?  
 22 PRESIDENT GELWICKS: Well, I like that idea but

1 I don't know how realistic it is. Any thoughts about  
 2 putting a card ID on the restroom facility and have  
 3 a play pass card? And if you have a play pass card  
 4 because you are a Downers Grove resident and you use  
 5 the play pass card you have a card swipe that allows  
 6 you to use it at any hour beyond the normal times.  
 7 MR. CERMAK: We have talked about that from time  
 8 to time. I don't think we have done any current  
 9 research on that. But it is certainly something we  
 10 could look into for not only this facility but perhaps  
 11 all of our permanent facilities.  
 12 MR. REESE: We have not done any recent but only  
 13 enough that we have thrown conduits in the wall to  
 14 get from point A to point B if that option presents  
 15 itself.  
 16 MR. CERMAK: We think it's probably coming in the  
 17 future. We are not sure where we're at with technology  
 18 to make it happen today, but certainly at Fishel  
 19 Park it was easy to at least prepare something for  
 20 the future. Whether or not we use it is a different  
 21 story, but certainly it would be there. Certainly  
 22 doing it now as opposed to three years from now when

1 we have the technology or the system in place would  
 2 almost be impossible without tearing a couple walls.  
 3 So we did put the conduit in.  
 4 PRESIDENT GELWICKS: Good.  
 5 MR. REESE: Okay?  
 6 PRESIDENT GELWICKS: So, Janet, where do you  
 7 want to go with this? Do you want it to be open all  
 8 day?  
 9 MS. BARR: Yeah, I think it would be nice to  
 10 have them available more often than just special  
 11 events. But I like the idea of having it open for  
 12 village events. But I just thought people ride  
 13 their bike up to the park and want to play on the  
 14 swings for a while or play in the park. And as long  
 15 as those bathrooms are there it would be nice for them  
 16 to be able to use it rather than having to go over  
 17 to the library.  
 18 PRESIDENT GELWICKS: I don't think we budgeted  
 19 to open and close them.  
 20 MR. REESE: The thinking at the time when we  
 21 started the design process is that they would be just  
 22 open for concerts and special events. So that's the

1 way we proceeded. And you are correct, the annual  
2 cost as we looked at it -- we gave you a couple of  
3 scenarios -- was anywhere from \$4500 a year to  
4 \$9,000 a year to service those restrooms depending  
5 on whether it was a 100-day season, 180-day season,  
6 whether it was once-a-day service or twice. I think  
7 again because it was a downtown location and we had  
8 evening concerts it requires more than a once-a-day  
9 service. So those costs are included in the report  
10 for your consideration.

11 PRESIDENT GELWICKS: Well, I think I support the  
12 staff's recommendation. However, should the community  
13 create a demand that's different from that, I certainly  
14 think that the board would be receptive to changing  
15 the way it uses this.

16 MR. REESE: Okay.

17 MR. ROMAN: I think I am going to go the  
18 opposite way. Given that you can't really do it on  
19 a lock up, unlock basis, I think I would rather try  
20 to go the twenty-four seven basis for a while and  
21 see what happens.

22 PRESIDENT GELWICKS: But if you go back to the

1 original study of the Fishel Park band shell and the  
2 community input that we received about what the band  
3 shell should look like, one of the big concerns was  
4 that it was going to be a shelter for people at all  
5 hours. And there was a lot of concern from the  
6 community that we not -- Part of the reason why we  
7 opened up the band shell the way we did was so we  
8 wouldn't have a place for people to hide in. We  
9 received lots of comments about that from the  
10 community. And so the whole design was centered  
11 around those thoughts and based on those comments.  
12 And I think if we open up the restrooms twenty-four  
13 hours a day then we're going back the other way  
14 basically supporting that environment where we're  
15 creating a shelter for somebody, and that was a big  
16 concern.

17 MS. BARR: It might be we're just pushing people  
18 from Hummer to -- It might -- There's a finite  
19 number of homeless people in Downers Grove. So we're  
20 just switching them from Hummer to Fishel. So maybe  
21 there is no increased homeless as a result of the  
22 extra bathrooms. I am not positive that that helps

1 us.

2 MR. CERMAK: The highest use of that park is  
3 really the special events and the concerts and then  
4 the Congregational Church preschool uses the play-  
5 ground. But those kids are in preschool. So they  
6 really don't have any other uses other than that.  
7 Occasionally you will get some of the downtown people  
8 at lunch at the park, and then you get the commuters  
9 that are walking through. Generally on a day-to-day  
10 basis the highest use of that park is the playground  
11 by the Congregational Church preschool. Other than  
12 that it's just people running to and from the train  
13 and the occasional downtown lunchers.

14 PRESIDENT GELWICKS: So we have no consensus of  
15 100%, but staff recommendation you should proceed  
16 with at this point.

17 MR. REESE: Thank you.

18 PRESIDENT GELWICKS: Thank you. Dan, you gave  
19 us a memo this evening with regards to some vandalism  
20 that occurred. Could you talk to that?

21 MR. CERMAK: Yes. I don't have it in front of  
22 me, but we did get an e-mail from a resident this

1 morning when I got to the office early, and he  
2 informed us that the Washington Park portapotty on  
3 the south lobe had been burned to the ground. We sent  
4 our staff out to take a look, contacted the police,  
5 started our clean-up process and learned more through-  
6 out the day as time went on.

7 I asked Todd to do a memo before tonight's  
8 meeting, and I will try to recite from that memo  
9 because I don't have it in front of me. I think the  
10 incident occurred sometime between 3:30 and 4:00  
11 A.M. last night or early this last morning. I believe  
12 the fire and police departments both responded to it.  
13 The portable unit was burned totally to the ground  
14 as was the screening. There was a cost estimate in  
15 there of approximately \$7800 as far as damage. And  
16 that was damage to the new portapotty surround which  
17 was a custom iron fence as well as the concrete which  
18 has spalled and will have to be replaced and, of  
19 course, the total screening has also been totally  
20 burned. So it's a complete loss on that end.

21 We are going to -- We do have it screened  
22 currently with some screening. We have one of our

1 other park service locations. We are going to put  
2 the portable unit back in. I believe it's scheduled  
3 for tomorrow. We do plan also to offer a \$5,000  
4 reward. That is in our ordinance manual, a  
5 previously-approved policy. It allows us for any  
6 damages over \$2500 to offer a \$5,000 reward or  
7 something thereto depending on the information that  
8 we get. We will inform the police of that. Have  
9 the policy been informed of that yet, Todd?

10 MR. REESE: No.

11 MR. CERMAK: They will be informed of it tomorrow.  
12 We still have details to work out. All of this  
13 occurred on the south lobe of the park as opposed to  
14 the north lobe of the park. I think I covered most  
15 of it.

16 PRESIDENT GELWICKS: Fine. I think the other  
17 point to be made is that that particular site has had  
18 a portapotty for many, many years.

19 MR. CERMAK: I am using my memory. Twenty to  
20 twenty-five years.

21 PRESIDENT GELWICKS: So this isn't something  
22 new from that standpoint. It just wasn't there last

1 year while the construction was going on.

2 MR. CERMAK: I don't know that they had a  
3 construction unit on that site. They had one on the  
4 north side.

5 PRESIDENT GELWICKS: So there wasn't one on that  
6 site for the past year or so since the construction  
7 began?

8 MR. CERMAK: Right.

9 PRESIDENT GELWICKS: Prior to that there was.

10 MR. CERMAK: Yes.

11 PRESIDENT GELWICKS: Okay. That's very  
12 disturbing. Anybody have any thoughts or comments  
13 on that? I think -- Go ahead.

14 MS. MAHONEY: I do. I think this is an illus-  
15 tration of what this board's position is on damaging  
16 public property related to the parks. \$7800 obviously  
17 was not budgeted, and this will take away from some-  
18 thing else that we cannot offer. So this board has  
19 demonstrated that it does take this seriously. And  
20 any time that we can catch whoever does acts in our  
21 park that damages property, we will enforce that. And  
22 I believe that the majority of the residents appreciate

1 that in taking care of the property.

2 PRESIDENT GELWICKS: Okay.

3 MS. BARR: Dan, do we have any insurance that  
4 would cover it?

5 MR. CERMAK: I am sure we'll put in a claim.

6 MS. BARR: Okay. And so hopefully will they  
7 cover the whole amount?

8 MR. CERMAK: No. I don't know. I would have  
9 to ask my insurance people. Deb, do you know? She's  
10 my insurance person.

11 MS. UTECHT: There is a deductible of like  
12 \$1,000.

13 MS. BARR: Okay.

14 PRESIDENT GELWICKS: Anything else?

15 MS. MAHONEY: However, we pay premiums for  
16 insurance. This costs the taxpayers money, and  
17 vandalism and damage to property is not acceptable  
18 at all.

19 MS. BARR: No, it is not.

20 MR. ROMAN: I agree too. It is not acceptable.

21 MS. BARR: No one says it's acceptable.

22 MS. MAHONEY: Well, there has been some

1 commentary that it is. So I am just making my  
2 position that much clearer.

3 PRESIDENT GELWICKS: We need to make a couple  
4 comments with regards to the gentleman's comments at  
5 the opening of the session here. And I don't want  
6 to defend anything; I just want to make a couple  
7 comments.

8 There have been several articles in the  
9 media recently that have had a negative view of many  
10 things going on. To the extent that people have  
11 opinions they're allowed to have their opinions. And  
12 I have no problem with that and I have no problem  
13 with somebody differing with my opinion despite what  
14 some people have said.

15 I have a 16-year-old daughter who sat in  
16 this audience a little while ago. And the following  
17 week there was an article in the paper, and she came  
18 up to me and she said dad, this article -- none of  
19 what's written in this article happened at the  
20 meeting. You have to be there. And not necessarily  
21 like you are this evening -- Those of you here, don't  
22 take for granted that what's written in the media is

1 100% accurate. And I just say that. We have  
2 verbatim meeting minutes of every one of our meetings  
3 that are available on line. And I just urge people  
4 to take a look at them and read them before they make  
5 specific statements and accusations about anything.

6 Now, ethics are something that I brought up  
7 at the last meeting, and I take it very seriously.  
8 I take it very seriously which is why I brought it  
9 up. We operate under the Open Meetings Act. And as  
10 such I do not have conversations about topics with  
11 other board members other than at this forum. So to  
12 bring up something that might be controversial that  
13 maybe nobody else agrees with, I can't do it unless  
14 I do it in front of this group. And so, therefore,  
15 to assume based on what's brought up that -- and  
16 what you read about it, okay, to insinuate something  
17 is not always 100% accurate. And I'll just leave it  
18 with that.

19 MR. ROMAN: Can I agree with you that a lot of  
20 what happens and what is put in the newspaper is not  
21 100% accurate?

22 PRESIDENT GELWICKS: Anybody who has been in the

1 public eye and has sat on this side of the table  
2 recognizes that. And it's a part of the abuse that  
3 you have to put up with if you are going to volunteer  
4 for a position like this. And that's just the nature  
5 of the beast. I understand that. So I accept any  
6 criticism, and I am more than happy to have a conver-  
7 sation with any member of the community on a  
8 one-on-one basis to understand your side of it if you  
9 will recognize and understand the other side as well.

10 But back to the ethics thing, there was a  
11 couple of things that were said and I want to clear  
12 things. Janet, there were statements that have been  
13 said that you being a member of Friends of the Park  
14 is a conflict of interest. I do not believe that to  
15 be the case. I believe that anybody can be a member  
16 of anything. And the fact that you are or have been  
17 or anybody is a member of anything, that's your  
18 business.

19 My concern and my question had to do with  
20 being an officer of an organization at that point in  
21 time, and that's what I was questioning. But I have  
22 no problem, no problem, okay, no problem, it is not

1 an issue with me that you are a member of Friends of  
2 the Park or any other organization. That's not a  
3 board issue in my opinion, okay, just to clear the  
4 air on that.

5 With regards to being chairman or president  
6 of this board, I am more than happy to step down if  
7 this board does not want me to be here. Okay? I think  
8 you all recognize that I have one job as the president  
9 and that's to run this meeting. Other than that  
10 we're all equal. And my job here is to try and keep  
11 the meeting running in a professional and organized  
12 way. And if you are not happy with that or whatever,  
13 I am more than willing to step down and let anybody  
14 else take this over.

15 MS. MAHONEY: I would like to point out last  
16 meeting we elected new officers. And at the time  
17 that we did there was no -- officers were elected  
18 unanimously on this board. There was no disagreement  
19 and there was no -- very little discussion. So I  
20 don't have a problem at all. We have talked about  
21 this and we've moved on and we're here today.

22 PRESIDENT GELWICKS: Anything else?

1 MR. CUSHING: No. I agree. I mean you talk  
2 about what your leadership is. It's running these  
3 meetings, running this board in as objective as  
4 possible a way. And as long as I have been here I  
5 have not seen any instance where it's been anything  
6 but that. I think we all bring different experiences  
7 to the table. I think that those experiences shape  
8 us and that's why you out there elected us, because  
9 we're all different. We all bring something else,  
10 something different to the table.

11 So again I would like to reiterate there  
12 are two sides to every story, there are two sides to  
13 every argument. And as somebody who is sitting up  
14 here in a volunteer position as well as been involved  
15 in athletics up to the professional level, I would  
16 like to reiterate the comment about the media. Don't  
17 take it word for word what's been said because -- Go  
18 look at the minutes, come to the meetings. You can't  
19 take what is said in the media as exactly what went on.  
20 And I can't stress that point enough. Again as  
21 somebody who's been the beneficiary and victim of  
22 media stories through my entire life, I just want to

1 reiterate that.  
2 But to go back to my original point is I  
3 have been impressed with the professionalism and  
4 objectivity that Bob has led the board with. So I  
5 say again and again we elected the positions  
6 unanimously.

7 MR. ROMAN: And I would like to say that too.  
8 In all the meetings that I have come to it's always  
9 been professionally run, and I think you do a very  
10 good job.

11 PRESIDENT GELWICKS: Thank you.

12 MS. BARR: I agree, Bob. I think you do a  
13 great job. And I don't think any one of us would do  
14 a better job. I am happy to have you up there.

15 PRESIDENT GELWICKS: Well, you do understand my  
16 position. If you don't want me here I am more than  
17 happy. Okay?

18 MS. BARR: In support of the media a little bit,  
19 the minutes don't come out for a whole month. They  
20 do their best. I know it's -- I know they don't get  
21 it right. And I am the first one to criticize when  
22 they don't. It really is hard -- unless you're

1 sitting with a tape recorder very hard to get it right.

2 PRESIDENT GELWICKS: Absolutely. Okay. Enough  
3 on that.

4 We have an opportunity for visitors to  
5 address the board if anybody would like to address  
6 the board.

7 MR. FRANK FALESCH: Hi. Frank Falesch, 820  
8 Prairie. Now Fishel Park is -- the band shell is  
9 opening up. Now, somewhere I read in the newspaper --  
10 again maybe this was wrong -- but they said the initial  
11 estimate was \$400,000. As I understand it the total  
12 is \$1.5 million that was spent on the band shell.  
13 Is that right?

14 PRESIDENT GELWICKS: I believe -- Go ahead, Dan.

15 MR. CERMAK: The budgeted number was 1.5 million  
16 and the project came in, I think, just slightly under  
17 1.4 -- Todd -- slightly under budget.

18 MR. FALESCH: But somewhere I read in the paper  
19 it said the estimate was \$400,000.

20 MR. CERMAK: I can't speak to that. I am not  
21 familiar with that. I can tell you last year when  
22 we put a capital budget number in it was 1.5. So this

1 project is currently under budget.

2 MS. BARR: No, I think what Frank might be  
3 referring to is when we went out to the community with  
4 the drawings we put prices on things. And I don't  
5 remember that it was \$400,000. My recollection was  
6 \$600,000. But that was my -- I was shocked when it  
7 went up from \$600,000 all the way up to 1.5 million.

8 MR. CERMAK: I think maybe when you had embryonic  
9 concepts -- there probably were five or six of those --  
10 they all had different price tags on them. I don't  
11 recall what those were. But after those concepts were  
12 developed and we developed actual cost estimates, the  
13 budgeted number for last year's fiscal year was 1.5  
14 million.

15 MS. BARR: Right. But it was huge. And Frank's  
16 right, it went up from around \$600,000.

17 MS. MAHONEY: I don't believe it went up from  
18 \$600,000. The \$400,000, I believe there was a  
19 reference to how much it cost to put in permanent  
20 bathrooms. And that is a fairly -- it's a large  
21 amount of money, but it's fairly consistent across  
22 what we have seen how much permanent bathrooms cost.

1 What I remember is that the initial prelimi-  
2 nary cost numbers were around \$1 million. That's how  
3 I remember it. And I have not looked back on that.  
4 But I do not believe it ever started in the concept --  
5 I shouldn't say ever. But in the concept with the  
6 design that was chosen it was not, I do not believe,  
7 less than \$1 million.

8 MS. BARR: I was talking about the ones that went  
9 out when we had the village vote on the five conceptual  
10 drawings. We put prices on all five, and the one  
11 that we picked was around six hundred thousand on  
12 that particular thing. Granted it probably didn't  
13 include restrooms -- it didn't include restrooms.  
14 But that's the number that the residents were looking  
15 at when they picked the design choice.

16 MR. CERMAK: That may be true. I just don't  
17 recall. There were five different preliminary esti-  
18 mates. Subsequent to that the concepts were developed,  
19 we went through our budget hearings and had three or  
20 four public hearings on the budget. And I think it  
21 was well known the project was 1.5 million.

22 MS. BARR: Right.

1 PRESIDENT GELWICKS: Frank, just another point  
 2 on that. I do recall in the recent past reading an  
 3 article that suggested the board was fiscally  
 4 irresponsible with what it did at Fishel Park. And  
 5 it compared \$150,000 to the million something that  
 6 ended up costing. The \$150,000 -- What that particu-  
 7 lar article didn't tell you was the \$150,000 was to  
 8 repair the existing one, and we were told by the  
 9 engineers they could not guarantee that it would  
 10 last one year what we were going to do. So the board  
 11 decided to tear it down rather than spending the  
 12 \$150,000. And it was significantly higher what we  
 13 had to do. But given the 50-year life the board was  
 14 acceptable to that. Does that make sense?

15 MR. FALESCH: Yeah. Because it didn't seem  
 16 possible it could make that much of a difference.

17 PRESIDENT GELWICKS: You're absolutely correct.  
 18 Would anybody else like to address the board?

19 MR. BOB ROMAY: Good evening, and thanks for  
 20 the opportunity again. I had the pleasure of  
 21 addressing you all two weeks ago at the Lincoln  
 22 Center. My name is Bob Romay, 524 Franklin Street.

1 And when I made my initial remarks a couple weeks  
 2 ago my primary focus was giving kids of this community,  
 3 taxpaying residents, the opportunity to play in their  
 4 backyard. And for the record I have been supporting  
 5 DGYB for the last eight years. They run an excellent  
 6 program. I have been a member of the Longshots  
 7 organization for two and a half years, and they do a  
 8 nice job in the community. But at the end of the  
 9 day we need to make sure that we address the needs  
 10 of 60 plus kids who have decided that that wing of  
 11 DGYB doesn't suit their needs.

12 And last meeting when I spoke I volunteered  
 13 my time to talk about the field allocation that was  
 14 in existence today. And I did some analysis for you  
 15 that I would like to pass out so that I could share  
 16 with you how much revenue you could potentially  
 17 realize based on the available slots that have been  
 18 allocated versus the available slots that have been  
 19 used just for four fields. \$8,000 is the number  
 20 that I came up with. Okay? And I am going to pass  
 21 it out if I can to each of you so you can take a look  
 22 at the analysis that I did so that you can consider

1 what we could do to make sure that moving forward we  
 2 have a better playing field when it comes to giving  
 3 these kids of the community the opportunity to play  
 4 in their backyard.

5 One of the things that I also want to  
 6 preface is that my motivation is 12-year-old boys  
 7 from ten to 14 years old in this town and the moti-  
 8 vation of the parents behind me who represent over  
 9 \$500,000 of tax base are here because they feel the  
 10 exact same way. And I am very, very supportive of  
 11 what Jim Sharwarko and DGYB is doing. I respect  
 12 everything that they do and we have no issues. But  
 13 there is a wing that exists called the travel wing,  
 14 and that travel wing needs to be looked at, needs to  
 15 be analyzed because that travel wing does not own  
 16 Downers Grove Park District fields. There needs to  
 17 be two wings to make this ship fly steady. And I am  
 18 going to appeal to you as a board as we move forward  
 19 that we need to look at that and give those kids an  
 20 opportunity to make a choice. Because there isn't  
 21 one choice in anything that we do whether it's a  
 22 restaurant, the clothes we wear, what movie we go to

1 see, where we go on vacation. We have a choice and  
 2 we need to respect that choice of the taxpaying  
 3 residents of this community.

4 So if I could just pass out with your  
 5 permission a quick analysis that I did just to give  
 6 you a little preview. Is that acceptable?

7 PRESIDENT GELWICKS: It is. Have you shared this  
 8 with staff?

9 MR. ROMAY: I haven't shared it with staff. But  
 10 I think staff -- I would be more than happy to send  
 11 a copy to staff so they could see what I did. But I  
 12 just wanted to give you an opportunity to take a look  
 13 at what's in front of us and what we need to do to  
 14 address it.

15 PRESIDENT GELWICKS: Sure.

16 MR. ROMAY: Is there one that's in pink there  
 17 that says my copy? Okay. Here's what this -- This  
 18 is an FYI for you. This is an allocation analysis  
 19 for four fields of Downers Grove, McCollum field  
 20 number two, Doerhoefer central, Doerhoefer south and  
 21 Gilbert. And I also wanted to provide you with the  
 22 tax base of three of the five teams that we have as

1 part of our group. And I just wanted to show you --  
 2 And I have been working diligently with the park  
 3 staff on trying to obtain master grids, master  
 4 schedules. And for 30 plus days I have been -- they  
 5 have been telling me that there's no master grid, that  
 6 there are no master schedules. But we understand  
 7 based on DGYB minutes that they were supposed to  
 8 provide schedules to the park district. They can go  
 9 in and punch it into their RecConnect system, which  
 10 is not the easiest system to kind of follow, to come  
 11 up with the allocations that are here.

12 If you look at McCollum two you will notice  
 13 that there is approximately 26 slots available based  
 14 on the grid that the park district has to be able to  
 15 take these schedules and plug them in. Okay? And I  
 16 just took that times \$40, which is what it costs us  
 17 to be able to play on that field for two hours, and  
 18 that was about a thousand dollars in revenue.

19 Doerhoefer central basically is a travesty.  
 20 There are 110 plus slots and ten of those slots are  
 21 used. You can see a lot of yellow on page number 2.  
 22 That yellow indicates that there is nobody on that

1 field at those times. The red indicates the time  
 2 that those teams are on that field. So if you take --  
 3 do a simple math that equates to over \$4,000 in  
 4 revenue assuming that you plug in all those slots.  
 5 We don't anticipate that that will happen, but when  
 6 you have other groups who are looking for ten dates  
 7 and they don't get returned phone calls and they  
 8 have to pay \$160 to Lisle, there is something wrong  
 9 with the system.

10 Doerhoefer south basically shows an  
 11 additional 25 slots that are used and there's 90 slots  
 12 available. Do the math. That's another \$1400.

13 Gilbert basically shows over 50 slots  
 14 available. And this is based on what's existing today  
 15 without stepping on anybody's toes with DGYB or the  
 16 left wing of the organization.

17 So when I add these numbers up -- I didn't  
 18 include Memorial north because the Longshots seem to  
 19 be camping there every single day Monday through  
 20 Friday. And I can't understand how a travel team  
 21 doesn't travel, how a travel baseball team plays 90%  
 22 of their games in their backyard. I don't understand

1 that.

2 So I wanted to provide you this. And the  
 3 analysis doesn't include Whitlock, it doesn't include  
 4 Memorial north and it really doesn't include the 13U  
 5 group that's part of the Longshots organization  
 6 because I did not have adequate information. It is  
 7 not on the website to be able to do a full analysis  
 8 which might yield ten to twelve thousand additional  
 9 revenue. So I did this on my own time. It took me  
 10 four hours to do this. And, Mr. Gelwicks, you  
 11 mentioned that it may not be worth staff time because  
 12 the revenue is not going to make up for the time that  
 13 they're spending trying to figure this thing out. I  
 14 did it for free as a taxpayer for four hours. And I  
 15 would be happy to continue to provide this information  
 16 to you until we can get a system that allows parents  
 17 and groups the opportunity to play in their backyard  
 18 because that's our choice. And that choice needs to  
 19 be respected as taxpayers of over half a million  
 20 dollars of tax base to this community.

21 MS. BARR: One thing. I have a question for you.  
 22 One thing that I thought I understood was that the

1 times in yellow is showing up as times where the  
 2 fields were being used.

3 MR. ROMAY: Not used.

4 MS. BARR: But in reality they aren't used but  
 5 in our system it looked like they were being used?

6 MR. ROMAY: That is correct.

7 MS. BARR: So that if someone were going on our  
 8 RecConnect and were trying to book a field, it would  
 9 look like it was being used, but then when you looked  
 10 at the field schedules of the groups that were using  
 11 it they really weren't using it during those times.

12 MR. ROMAY: That is correct. And I am just  
 13 going based on the schedules that were provided by  
 14 the groups that are on the website, comparing that  
 15 against the slots that as a park district you make  
 16 available.

17 MS. BARR: So if we had had the detailed infor-  
 18 mation from each group we could do this, and then it  
 19 would be easier for us to see where the open slots  
 20 are.

21 MR. ROMAY: Yes. The issue is it's a cultural  
 22 change. It's a cultural change that needs to happen.

1 It's never been done. And in the MOU it states that  
2 the park district will not blanket any fields. As  
3 far as I am concerned the left wing of DGYB has a  
4 very warm blanket and it's not appropriate considering  
5 the kids of this town. And it's all about the kids.  
6 That's why we're doing this. That's the motivation.  
7 It's about the kids, not about anything else. It's  
8 about the kids.

9 And the last thing that I will say for the  
10 record is when I started down this process July 6th  
11 of 2010, unlike what was being said in the DGYB  
12 minutes we were not trying to take the existing slots  
13 from any organization. We wanted an opportunity to  
14 take the slots that weren't being used. And when you  
15 have over 150 slots today not being used only on four  
16 fields, that's very concerning. And it's not fair for  
17 50 plus kids who have decided that their choice is to  
18 seek an alternative program, a right wing. And that  
19 is something that needs to be looked at to give us  
20 an opportunity to be that right wing to give parents  
21 a choice for their kids. Thank you very much.

22 PRESIDENT GELWICKS: Mr. Romay, could I ask you

1 a question?

2 MR. ROMAY: Sure.

3 PRESIDENT GELWICKS: I believe at the last --  
4 at the ending of the last meeting I had given staff  
5 direction with regards to this very topic. Is that  
6 your recollection?

7 MR. ROMAY: That you gave staff --

8 PRESIDENT GELWICKS: Direction with regards to  
9 this particular issue and the fact that --

10 MR. ROMAY: Since the minutes are not available  
11 from the last meeting I don't remember what was said  
12 because it was a four-hour meeting. So you may have  
13 given the staff direction. Your staff should have  
14 done this. And your staff did not do this; I did  
15 this on my own.

16 PRESIDENT GELWICKS: I understand that. But I  
17 think the minutes will show that the direction that  
18 was given to the staff and my particular experience  
19 that I shared with everybody at that was very consis-  
20 tent with what a lot of things that you are demon-  
21 strating here were saying. And we had had a board  
22 discussion about having to take a look at the MOU

1 agreements and look at this particular topic with  
2 regards to scheduling. And staff is actively going  
3 to do that on our behalf and report back to us this  
4 summer with regards to that.

5 MR. ROMAY: Maybe this is a starting point for  
6 them.

7 PRESIDENT GELWICKS: Sure. But it's like we  
8 ignored it at the last meeting and we didn't. Staff  
9 has direction and knows where they're going on this  
10 particular issue.

11 MR. ROMAY: When staff sends me an e-mail and  
12 gives me six dates at Memorial north from 8:00 to  
13 10:00 o'clock in the evening when there are no lights  
14 there, what does it say about staff? I have been  
15 given six to seven dates at Memorial north with no  
16 lights.

17 PRESIDENT GELWICKS: Excuse me.

18 MR. ROMAY: So how can I select to the play at  
19 8:00 o'clock when there's no lights?

20 MR. CERMAK: If I could interject here, staff  
21 has been very diligent in their work. They have  
22 tried to work with you, they have tried to work with

1 Roadrunners, they have tried to work with DOLLS  
2 softball organization, they have tried to work with  
3 13 other splinter groups that are not part of these  
4 MOU groups. So please don't insult them. They have  
5 worked hard to try and make this work. It is a very  
6 difficult situation as you might guess.

7 MR. ROMAY: Absolutely. And they have been great  
8 in terms of what they have done to support me. But  
9 their hands are tied by the MOU agreement. And that  
10 MOU agreement needs to be looked at because there's  
11 something wrong with that process today. And I am  
12 not the only one that feels that way.

13 MR. CERMAK: I think the staff would also agree  
14 that there is honing that can be done in that process,  
15 that MOU. And that's exactly what we're looking at.  
16 And they may indeed call you for some help. I don't  
17 know. But let's give them a chance. I know personally  
18 that they worked very hard throughout a very difficult  
19 spring with not only your group but every other group.

20 MR. ROMAY: Mr. Cermak, keep in mind they are  
21 working hard with the tools that they have.

22 MR. CERMAK: I understand that.

1 MR. ROMAY: But the MOU needs to be changed for  
2 staff to be able to do something like this. Because  
3 they have -- they're basically looking at what they're  
4 seeing based on what the MOU dictates. And the MOU  
5 needs to be changed so that there is no blanket policy  
6 at Memorial north every single day of the week and  
7 90% of the home games are played there.

8 MR. CERMAK: You are not getting an argument  
9 from me.

10 MR. ROMAY: Great. And I respect what they have  
11 done to help me. So there was no insult whatsoever.  
12 They have been great. I think it's above them.  
13 That's why I am addressing the board.

14 MR. CERMAK: Thank you.

15 MR. ROMAY: Thank you very much.

16 PRESIDENT GELWICKS: Anybody else?

17 MR. DAN O'CONNELL: Good evening. I am Dan  
18 O'Connell, 434 Sherman Street. I am the coach of  
19 the 13U Downers Grove Dragons. I am here with the  
20 other volunteers in this room to urge you to reevaluate  
21 the ballfield allocation process in Downers Grove. I  
22 have come to you because you oversee the mission of

1 the park district, and I think that that mission has  
2 failed on a specific point of ensuring sufficient  
3 passive and active parkland to meet the leisure needs  
4 of present and future populations of Downers Grove.

5 I think I offer an interesting perspective.  
6 Our team is in our fourth year. I have been trying  
7 to figure out this process of getting permits since  
8 2007. In 2008 I had all of our games at O'Neil, and  
9 ever since then I have gotten fields piecemeal. This  
10 year we were offered a bunch of Sunday mornings at  
11 8:00 A.M. We got Mother's Day which we thought would  
12 be a bad idea for the moms. But other than that, you  
13 know, we were basically shut out again. We're playing  
14 all of our games in Burr Ridge and in Oak Brook. So  
15 I also offer an interesting perspective because I  
16 have dealt specifically with the recreation supervisors  
17 of those park districts and other park districts in  
18 learning more about how they allocate fields, their  
19 permit process and such.

20 And so I would like to offer some suggestions  
21 for improving this process. I appreciate what you  
22 have said about that you are going to look at this

1 process. So I would like to offer from my perspective  
2 some suggestions. These policies need to be written  
3 up and published on the website. There needs to be  
4 more transparency. Define what the requirements are  
5 for field use, define what is a memo of understanding,  
6 define who can get a memo of understanding, you know,  
7 how are groups prioritized on a year-by-year basis.  
8 We are not a splinter group. We're a registered  
9 not-for-profit. You know, as Bob said we're all about  
10 just coaching baseball. Every single one of our kids  
11 is from Downers Grove.

12 One of the other changes I would like to see  
13 is in early January allocation of the fields. That's  
14 how it's done in Oak Brook, that's how it's done in  
15 Burr Ridge, that's how, you know, pretty much everybody  
16 but Downers Grove does it. Our league requires our  
17 dates to be in of when our home games are in early  
18 February. So, you know, DGYB and the Longshots  
19 handing in their dates in late March doesn't help us  
20 out at all.

21 I think there needs to be adherence to the  
22 current MOUs. Obviously, you know, the blanket policy

1 was already brought up. But, you know, they don't  
2 hand their dates in on time. Every year I am talking  
3 to Angus or whoever is over there saying, you know,  
4 they didn't hand them in yet. Every other team in  
5 Illinois is playing baseball and we can't get a permit  
6 for April or May or June.

7 I think the next recreation supervisor if  
8 that person has not been hired yet needs to be better  
9 trained to handle field allocation and also in customer  
10 service. Many calls and e-mails do not get returned.  
11 You know, you hit a breaking point where they don't  
12 have an answer for you, DGYB hasn't handed their stuff  
13 in and the communication just stops dead there.

14 Like I said, I have dealt with a bunch of  
15 other park districts and one person handles all of  
16 this in these park districts. We're dealing with --  
17 Fury and us are dealing with the same person in Oak  
18 Brook, for example. I mean one person can handle  
19 this job. The supervisor also, I think, needs to be  
20 more engaged with this process and that person needs  
21 to be accountable to you, the board.

22 You know, other cities have pulled this off

1 with way more teams. For example, Glen Ellyn has  
2 five teams in our age group just in the West Suburban  
3 Baseball League where we play. If the Longshots were  
4 playing in West Suburban like they were last year  
5 there would be three teams from Downers Grove in our  
6 age group. Glen Ellyn has considerably more teams  
7 for a smaller population.

8 The 10U Dragon team -- There's one Longshots  
9 team and one 10U Dragons team. They can't get a field  
10 when there is just two travel teams looking for spots.  
11 The Longshots get all of the spots. The 10U Dragons,  
12 they don't even get a call back let alone any field  
13 allocation.

14 I would also like to point out that you  
15 offer choices in other programs. The one that comes  
16 to mind is basketball. With, you know, only a few  
17 basketball courts there seems to be -- since the park  
18 district holds control of the basketball courts and  
19 doesn't allocate them to another organization they're  
20 able to have -- Both of my older sons play basketball  
21 there. All the park district teams, Nomad teams,  
22 Wolfpack teams, the adult leagues, all of them play

1 in the same place. When it's kept under greater park  
2 district control there seems to be more success with  
3 getting more people into the facilities, making money  
4 off of them and using them to their fullest potential,  
5 which is why we spend the money on building these  
6 facilities.

7 And just in closing, while handing all the  
8 fields to one group is probably the easiest thing to  
9 do it's not the right thing to do. All of our  
10 players, like Bob mentioned, are Downers Grove kids.  
11 We don't have a single kid from outside of Downers  
12 Grove. And, you know, we're looking to you to step  
13 in here and correct this process, correct this waste  
14 of resources.

15 And in closing I would just like to ask a  
16 question of you. Can I get the board to pledge to  
17 share a plan of action for improving this process,  
18 to share that plan with the community at the next  
19 meeting and include a timeline on that?

20 PRESIDENT GELWICKS: Anybody?

21 MS. MAHONEY: I would like to hear what staff's  
22 report is before I pledge anything. We're not doing

1 this work; staff is doing the work. I don't -- I  
2 haven't seen one piece of paper or one piece of  
3 information that shows what staff has put together.  
4 So at this point tonight I can't honestly say that.  
5 Maybe others can, but I can't.

6 MR. O'CONNELL: I am hoping for a plan with a  
7 timeline on it.

8 MS. MAHONEY: I can't do that plan because I  
9 have no information to make a timeline.

10 PRESIDENT GELWICKS: The direction that was given  
11 at the last board meeting, which nobody objected to  
12 at the time, was by the end of summer to have a  
13 discussion with us with regards to any projected  
14 changes to the MOU groups, to that process. That was  
15 the direction to staff that we gave at the last  
16 meeting.

17 MS. BARR: Does that timing work?

18 MR. O'CONNELL: Yeah, you know, if there was --

19 AUDIENCE MEMBERS: No, no, no, it doesn't.

20 PRESIDENT GELWICKS: Just a second. If anybody  
21 would like to speak you're welcome to come to the  
22 podium and speak. There is one person in this room

1 speaking at a time. You have the floor.

2 MR. O'CONNELL: If the changes could be made by  
3 then that would help us with our planning for next  
4 year. As I pointed out, you know, the planning for  
5 these things starts, you know, as soon as the previous  
6 season ends. So by getting it done, you know, in a  
7 timely fashion, at least getting the questions  
8 answered, you know, can the MOUs be looked at, things  
9 like that. I mean a more accelerated timeline than  
10 that would be great if it's just answering questions.  
11 If there's changes being made and, you know, policies  
12 being posted, stuff like that, I mean I understand  
13 that that would take more time. But that would be  
14 the sooner the better for our purposes.

15 PRESIDENT GELWICKS: Anybody?

16 MR. CUSHING: As Cathy said, this is the first  
17 time I have seen this. I haven't heard anything from  
18 staff. I mean I truly appreciate your input. I  
19 appreciate the time you guys spent on this. I hope  
20 you guys can have patience with us and realize this  
21 is not the only thing staff is working on. As much  
22 as we'd like to snap our fingers and have it done,

1 we are not going to be able to do that overnight.  
 2 We are not going to be able to do that in a short  
 3 period of time. I think as Bob said we put the  
 4 directive out there. We are going to address it. We  
 5 are going to take a look at this and see, you know --  
 6 take a look at the agreements, take a look at field  
 7 usage. But again I ask your patience in that we  
 8 will do it. Unfortunately I feel it probably won't  
 9 happen as quickly as you would like it.

10 MR. O'CONNELL: The frustration I think that  
 11 you sense from the parents sitting behind me is that  
 12 we have approached this through the staff. You know,  
 13 I have been -- I think I have been a little too  
 14 patient up to this point, and that's why I have come  
 15 in front of you tonight. You know, I mean I can't  
 16 even tell you how many e-mails, meetings, phone  
 17 conversations we had with Angus in particular about,  
 18 you know, why can't we get an answer on this. We have  
 19 jumped through every hoop imaginable. We understand.  
 20 We all have jobs. We understand how hard things are  
 21 to change and to get answers on and I mean especially  
 22 when you are in a slower moving organization and

1 having your hands tied by the DGYB schedule.  
 2 Like I said, we have been going through  
 3 this for five years. It would be nice to figure this  
 4 out and make some decisions on these things and, you  
 5 know, look at other park districts, how they're doing  
 6 it. I mean it can't be that hard of a process to fix.

7 MS. BARR: I do like the suggestion of checking  
 8 some of the other groups like Glen Ellyn and Oak  
 9 Brook.

10 MR. O'CONNELL: Burr Ridge, Pleasantdale. I  
 11 highly recommend them. They do a really nice job.

12 MR. ROMAN: I would also like to ask you to  
 13 stay in touch with us. Keep us accountable. Make  
 14 sure this is happening for you guys. Don't just walk  
 15 away and disappear. Make sure that staff --

16 MR. O'CONNELL: I appreciate the opportunity to  
 17 do that. Thank you very much for your time.

18 PRESIDENT GELWICKS: You're welcome.

19 MR. JIM SHARWARKO: Good evening. My name is  
 20 Jim Sharwarko, and I am from Downers Grove Baseball.  
 21 First of all Mr. Romay, thank you for the kind words  
 22 not so much for me but for the efforts for Downers

1 Grove Baseball. I do appreciate that. We do  
 2 appreciate that.

3 We are a community-based organization.  
 4 We're all inclusive. We have got 1,600 participants  
 5 this year. That number has doubled since 2004. We  
 6 have a \$600,000 annual budget. I don't know what the  
 7 tax base is, but I guess I could say it's substantial.

8 I have been involved with Downers Grove  
 9 Baseball for about twenty years. I have been on the  
 10 board, I think, for the last eight. And I am not  
 11 familiar with the left wing. We have a Babe Ruth,  
 12 we have a travel, we have a north, a south and a  
 13 development side. We operate and we organize the  
 14 league as one. And so as an example if one of the  
 15 groups can't use the field, the first thing we do is  
 16 try to clear that through our clearinghouse efforts  
 17 with any of the other groups within our organization  
 18 to make sure that we do utilize fields.

19 I can tell you that we abide by the MOU.  
 20 We turn in our field allocations or our field  
 21 requests. In fact this year I think we did it ahead  
 22 of time. They were doing it April 15th. I think we

1 got most of them in by -- I think we got them in  
 2 about actually before April 1st. We have about 400  
 3 volunteers, we have 15 or 16,000 volunteer hours, we  
 4 have 120 teams, we schedule 1200 games. Triple that  
 5 in terms of practices and other organized events on  
 6 the fields and that puts us at about 5,000 time slots.

7 Our organization also paid \$17,000 -- over  
 8 \$17,000 last year in user fees. We pay for porta-  
 9 potties or portable restrooms if you will. We pay  
 10 for our own chalk that we put on the field ourselves.  
 11 We cut our own grass on the infields of the grass  
 12 infields. Over the last four years we have invested  
 13 over \$8,000 in capital projects in the fields we play  
 14 on. This year alone our budget calls for an additional  
 15 \$48,000 in capital improvements on fields we use. We  
 16 don't own them, we just use them. And other groups  
 17 in the community use these fields as well.

18 To put some things in perspective here, with  
 19 the amount of fields we have, the amount of players  
 20 we have, the amount of teams we have, I don't have  
 21 access to the yellow or the red colors here but  
 22 suffice it to say if there are fields available we

1 encourage other organizations to use them. If there  
2 are fields that are -- that we have slotted and they  
3 become available, we have a policy that we turn them  
4 back in to the park district at the earliest notice.

5           There is some anecdotal evidence that  
6 people have driven around at 6:00 o'clock at night  
7 and seen fields that are permitted to Downers Grove  
8 Baseball and they're not being used. It's likely you  
9 are not getting any calls from anybody that sees a  
10 guy out there at noon raking the field trying to get  
11 the field ready all morning to make sure that he  
12 could have a team playing at 6:00 o'clock at night  
13 or the six guys out at Doerhoefer Park at 6:00  
14 o'clock in the morning on a Saturday pumping water  
15 out of the outfield and throwing bags of soil mats  
16 around the field to get it ready for 300 kids to play  
17 that day. That's the commitment Downers Grove  
18 Baseball makes to our community, to the park district.  
19 And I trust that we can continue to count on you for  
20 the same support. Any questions?

21           PRESIDENT GELWICKS: Anybody?

22           MS. BARR: I will just comment that one of the

1 things that would be helpful is that I noticed that  
2 Downers Grove Youth Baseball did a wonderful job of  
3 presenting schedules that had every team, every time,  
4 every field, everything. But it was the Longshots,  
5 the travel teams that didn't. So I think if you  
6 would do for the travel team what you do for the  
7 DGYB, I think that would solve a lot of our issues.

8           MR. SHARWARKO: I would challenge the notion  
9 that the Longshots division didn't supply their  
10 schedule in accordance with the MOU. In fact, I can  
11 assure you that that was done. Some were done earlier  
12 than others, but they were all submitted by the April  
13 15th date that was given to us. Now, if the date  
14 wants to move we're all okay with that. But I can  
15 assure you that all the schedules that were required  
16 to be submitted were submitted by that date.

17           MS. BARR: Okay. Well, I requested them from  
18 staff and I was given everything that staff had and  
19 there was nothing in there. So apparently there's  
20 some disconnect here. If you want to provide them  
21 to me that would be great.

22           MR. SHARWARKO: Can I ask you a question then?

1 How can the Longshots be playing on a field we  
2 haven't gotten a schedule for?

3           MS. BARR: All it says is 10U from 5:00 to --  
4 You know, every time slot, it'll say 10U, 10U, 10U.  
5 I mean it's blanketed. It is not saying -- I don't  
6 know the names of your teams. The Yankees against  
7 the Cubs at 7:00 o'clock. I mean it is for Downers  
8 Grove Youth Baseball. If you looked at the stuff  
9 you could see how different it is between Longshots  
10 and Downers Grove Youth Baseball.

11           MR. SHARWARKO: 10U is the -- That's the team.  
12 It is not the Yankees, it is not the Red Sox. It's  
13 under 10 Longshots division.

14           MS. BARR: Well, then they're playing all the  
15 time. Well, all right.

16           MR. SHARWARKO: Anybody else?

17           MS. MAHONEY: Jim, is the DGYB organization a  
18 501-C-3 group?

19           MR. SHARWARKO: Yes, we are. We file a tax  
20 return and an audit every year that is supplied to  
21 the park district administration.

22           MS. MAHONEY: And from your position is it your

1 opinion that if DGYB or other groups such as yours  
2 didn't exist the park district -- there would be a  
3 demand in this community for the park district to run  
4 a similar type of program?

5           MR. SHARWARKO: I would say yes. DGYB has been  
6 around in some form since the 1950s. So I think they  
7 have always been an extension of the park district's  
8 effort to provide programs for the youth. And I think  
9 that's kind of the advent -- I am not sure of this,  
10 but I can only surmise that's the reason for the MOUs  
11 is because they do offer a kind of like in-kind  
12 program that the park district doesn't offer.

13           MS. MAHONEY: And one more thing. Could you say  
14 again how many kids are playing this year?

15           MR. SHARWARKO: We have a thousand -- Between  
16 our summer program and our fall program we'll have  
17 over 1,600 participants this year. We have about  
18 1300 registered for summer ball, we have about 250  
19 to 275 for fall ball.

20           MS. MAHONEY: Okay. Thank you.

21           MR. MICHAEL GLEASON: Hi. Michael Gleason,  
22 7051 Powell Court. So, Mr. Cushing, you mentioned

1 that this is the first you have heard of this. And  
 2 I want to make sure that you're aware that the  
 3 frustration expressed here is a long time coming. So  
 4 I started out in DGYB. Bob, you and I were on the  
 5 board together. I ran fall ball for a couple of  
 6 years. I coached in the Longshots while Rob Rooney  
 7 was president for a couple of years as well. Bob,  
 8 are you still affiliated with DGYB or the Longshots?  
 9 PRESIDENT GELWICKS: Depends on what you mean by  
 10 affiliated. My name shows up on their website. If  
 11 that's an affiliation --  
 12 MR. GLEASON: As far as this field thing let me  
 13 tell you what went on when I was on the board with Bob.  
 14 Right? At that point in time if someone contacted the  
 15 park district and tried to get a field, the typical  
 16 response would be the park district employee would say  
 17 I will get back to you. Then they'd contact someone  
 18 on DGYB and say someone wants a field on this date.  
 19 In an effort to keep the people off the field DGYB --  
 20 Bob, you were part of this -- would find a team, any  
 21 team to run a practice, do something, do anything.  
 22 Because the park district was getting complaints at

1 that point in time about the fact that people were  
 2 being told they couldn't have fields and they drove  
 3 by and they saw the field was empty. So this wasn't  
 4 an administrative mistake, a bureaucratic snafu.  
 5 This was organized to keep people off the fields.  
 6 Now, I must have left DGYB about five years  
 7 ago. Right? I left because I sat in DGYB board  
 8 meetings that you were at, Bob, and I was asking  
 9 questions about where the money went. Right? And I  
 10 was told that -- Instead of getting answers as to  
 11 where the money went I was told maybe I didn't need  
 12 to be part of DGYB. Right? So I took one of my sons  
 13 to Chicago to play baseball. I have a son playing  
 14 in Woodridge right now. I told the Woodridge board  
 15 president that every single thing about Woodridge  
 16 baseball is better than Downers Grove baseball.  
 17 There's none of this malarkey with getting fields.  
 18 The situation we have in Downers Grove is absolutely  
 19 ridiculous. It's incredibly offensive.  
 20 I can understand they do a good job main-  
 21 taining the fields, but that doesn't mean they own  
 22 them. Right? Everybody -- Miss Mahoney, no matter

1 how many players they have the other people still need  
 2 a chance to get a field in Downers Grove.  
 3 PRESIDENT GELWICKS: Can I clarify one thing?  
 4 You said five years ago you and I sat in meetings.  
 5 I have been on this board for eight years now and I  
 6 resigned from DGYB the day I was appointed to this  
 7 board.  
 8 MR. GLEASON: You said you have some affiliation.  
 9 PRESIDENT GELWICKS: You said you and I sat in a  
 10 meeting with DGYB when all this occurred five years  
 11 ago. I am just clarifying I have not been at a DGYB  
 12 board meeting since I resigned from the board eight  
 13 years ago the day I will came on to this board.  
 14 MR. GLEASON: You are very precise with the  
 15 minutes so I am sure you're accurate. So forgive me  
 16 if my arithmetic was incorrect. But let me restate  
 17 for the record that we sat in a board meeting together  
 18 when I asked questions about where the money went.  
 19 And the response I got was maybe I didn't need to be  
 20 part of DGYB. So regardless of what year it  
 21 happened --  
 22 PRESIDENT GELWICKS: But I don't believe it

1 was -- that I was a party to it which is what you  
 2 are suggesting.  
 3 MR. GLEASON: That is my testimony.  
 4 PRESIDENT GELWICKS: Okay.  
 5 MR. GLEASON: Thank you.  
 6 PRESIDENT GELWICKS: And again, facts need to be  
 7 facts, not what people say are necessarily facts.  
 8 Okay? Because you are insinuating that five years  
 9 ago I sat there and did something, and I was not at  
 10 that meeting.  
 11 MR. GLEASON: Bob, you apparently have the same  
 12 issues with the free press that we have. You feel  
 13 that they don't present the facts correctly. So I  
 14 am not surprised that you don't think I present the  
 15 facts correctly as well.  
 16 MS. MAHONEY: You just got corrected, sir, and  
 17 now you are making a jest of this. And I would like  
 18 to say that once I asked staff to come up here and  
 19 address -- and answer some of our questions, then I  
 20 hope you will have a different attitude and a different  
 21 opinion. Your approach here is very insulting. And  
 22 so I would hope that we can work this out.

1 And yes, I did ask how many families were  
 2 involved. And yes, that is important. And those  
 3 kids -- Everyone deserves to play. But that doesn't  
 4 mean that everyone in every sport in this town is  
 5 going to have the ability to play when they want,  
 6 where they want and the days they want. And I think  
 7 that is a big distinction that has not been brought  
 8 out yet which I hope will get brought out very shortly  
 9 after the visitors comments. So I would just ask  
 10 you to -- I am sure you will stay and listen, and I  
 11 hope that you will hear some things that you may not  
 12 have heard before.

13 MR. GLEASON: Thank you.

14 MS. BARR: Cathy, I just wanted to make clear  
 15 that I really think what the guys are saying is they  
 16 appreciate Downers Grove Youth Baseball, that that's  
 17 their feeder. They get all their guys from there.  
 18 I think they are just saying it's the travel teams  
 19 that's causing the problems.

20 MS. MAHONEY: And I think we will get some  
 21 answers -- have some questions for staff and I think  
 22 we'll get some answers in relationship to some of

1 those particular questions.

2 MS. BARR: Okay.

3 MR. BILL GOERGEN: Hello. My name is Bill  
 4 Goergen. I live at 1802 Warren. I have four sons.  
 5 All four sons have played in DGYB. As you just  
 6 stated the issue is not DGYB. I still have a son  
 7 playing in DGYB. The issue is the travel program  
 8 or Longshots which I was part of for 2002, 2003, 2004,  
 9 five, six, and seven. In 2007 I also had a meeting  
 10 with Mr. Gelwicks, Mr. Rooney and Mr. Riegler and  
 11 Mr. Steinhaus at the DGYB offices. The reason for  
 12 that meeting was in 2005 when my younger son Jack was  
 13 playing he also played in the Longshots for two years.  
 14 The issue I brought to the parents -- We had a  
 15 parents meeting. Some of the parents are here. The  
 16 issue I brought up was the funding of the 2010 team,  
 17 raising money, hosting tournaments and not using that  
 18 money for the 2010 team -- Excuse me. The 2005  
 19 team was carrying that money over for the team that  
 20 would go to Cooperstown when they were 12. My son  
 21 was ten. I don't think that was right. The first  
 22 time we came through the program with my oldest boy

1 we didn't do that. They were carrying it. They still  
 2 carry it. They use tournaments to carry it. That  
 3 issue was brought up. So my issue was two issues,  
 4 one was the raising of the funds which I brought to  
 5 the board. The board was at that meeting of the  
 6 parents.

7 The other issue is a board member teaching  
 8 a specific hitting style, which I disagreed with. I  
 9 was told I could not coach a different style because  
 10 that's their style, that board member actively giving  
 11 private lessons and making a profit off of that  
 12 hitting style. So mine was a difference of philosophy.

13 When I wanted to leave I went to the park  
 14 district, not to the board. I went to the staff and  
 15 tried to start my own travel team. I was informed  
 16 fields would not be available. I had a rare  
 17 opportunity. I was asked by the Woodridge baseball  
 18 league, the president of that league. His son  
 19 actually played on the travel team I was coaching on.  
 20 He asked me to start a program there. So I went  
 21 there. And at that time it was my 11-year-old son  
 22 Jack. Twelve Downers Grove families left the

1 Longshots program and came with me. The board got  
 2 mad at me. I told the board don't get mad at me,  
 3 ask those 12 parents why they left your program. I  
 4 it brought up why I was leaving and they followed me.

5 Since that time I had the meeting with  
 6 Mr. Gelwicks. It was about the older team. I had  
 7 asked to manage the younger team. I was always told  
 8 no. When Mr. Ginato (phonetic) left his coach at 14  
 9 years old Mr. Steinhaus took over the team at 15 and  
 10 they made me the manager. At 16 is when I had the  
 11 meeting with Mr. Gelwicks and them. That was in 2007.  
 12 The reason for the meeting was they wanted to know if  
 13 I was going to keep that team going in their senior  
 14 program. At that point after that meeting nothing  
 15 was finalized. My questions were not answered. My  
 16 questions to them were what cost would the program  
 17 cost me as a team. Needless to say, we left, started  
 18 our own private team and another 12 families left the  
 19 program.

20 Now, my third son is playing and he's left  
 21 the program because I am not welcome in their  
 22 program. So besides the Fury teams that have gone

1 there are many teams that have left. And it's always  
 2 the same issue. It has nothing to do with DGYB. It  
 3 has all to do with the travel program at DGYB. It  
 4 is not open to everybody. They may claim that. It  
 5 is not. I have a fourth child. And, Bob, as you  
 6 said at the last meeting I would like to see him to  
 7 be able to play a travel program in this town. Now,  
 8 I have had three teams leave the town. I don't want  
 9 my fourth team to have to leave the town. If I leave  
 10 I will probably take 11 more families with me.  
 11 And you say it is for the residents of the  
 12 town. If you look on their website the senior program  
 13 at the age of -- they classify it 2011 -- that's the  
 14 graduating class -- they don't even have 20% Downers  
 15 Grove kids on the team. I have the rosters here. The  
 16 2012 team has possibly two players from Downers Grove  
 17 out of 21 players. When I had the senior division  
 18 team I was told at that meeting it wasn't all about  
 19 the kids' friends and the players you had. Well, I  
 20 had 12 residents of Downers Grove that were pretty  
 21 good ball players. And of those 12 residents nine  
 22 of those players are playing in college. So it wasn't

1 like they weren't qualified to play in town here. It's  
 2 just a matter of how they want to run their program.  
 3 Sometimes we have to look at how they fund  
 4 their programs because it doesn't fall under the DGYB  
 5 minutes. The Longshots have their own treasurer that  
 6 gets audited too. And when I went back and looked  
 7 when I was in their program, I never signed their  
 8 auditing agreement and neither did the manager of the  
 9 team because we did not agree with their funding, and  
 10 that was the reason we left their program.  
 11 PRESIDENT GELWICKS: Anybody else?  
 12 MR. SHARWARKO: Jim Sharwarko, Downers Grove  
 13 Baseball addressing the board again. A couple of  
 14 points here.  
 15 When Mr. Gelwicks was chairman of Downers  
 16 Grove Baseball I was, in fact, treasurer. And when  
 17 Mr. Gelwicks stepped down I assumed the role of chair-  
 18 man. During my time as treasurer we had annual audits  
 19 conducted, monthly treasurer's reports. Our board  
 20 meetings are open meetings to anybody who has a child  
 21 playing in Downers Grove Baseball. For the record  
 22 to the board I take personal offense to anybody who

1 is making any insinuation that anything in Downers  
 2 Grove Baseball financially related is not above board.  
 3 I am in private industry. I am a finance officer.  
 4 I sign the rep letter, I sign the tax return, I sign  
 5 the Illinois Bureau of -- Charity Bureau return. And  
 6 certainly I am not going to put my career in jeopardy  
 7 for any insinuated malfeasance or misbehavior with  
 8 funds in Downers Grove Baseball. So I want to be on  
 9 the record that we do have open reports -- audit  
 10 reports. These are public record. And again we have  
 11 tax returns filed with the Internal Revenue Service.  
 12 And I challenge anybody who wants to question any  
 13 money handling or any financial handling with the  
 14 Downers Grove Baseball, please contact me. Thank  
 15 you.  
 16 MR. GREG TAVIANI: Hello. I am Greg Taviani,  
 17 632 Gierz, Downers Grove. I run the Wolfpack  
 18 Basketball program as far as scheduling. And I just  
 19 want to bring to the attention that there's a Wolfpack  
 20 basketball, Nomads basketball. We work together.  
 21 The park district's been great. Nomads, when they  
 22 are not using gym time they call me. Okay? We have

1 gyms reserved; you guys want to buy it from us; we  
 2 can't use it tonight. Sure, we'll take it. You know,  
 3 we work together. All I am saying is we have got to  
 4 be able to work together. We have got plenty of  
 5 fields. You can't keep shutting out people. The  
 6 fields have to be used. If they are not used you  
 7 can't blanket them all. We have to get use out of  
 8 them. I think, like I said, I have been part of  
 9 DGYB. My son played for Longshots. It's a great  
 10 community. DGYB is a great program. So I have got  
 11 nothing but great things to say about DGYB. But the  
 12 fact is there's fields that are not being used, and  
 13 somebody or some organization is shutting out other  
 14 people.  
 15 So again I encourage the board to get your  
 16 staff to look into this because those fields should  
 17 be used by the kids in Downers Grove, okay, not by  
 18 kids from out of our town when we have kids in our  
 19 town that have to go play elsewhere. Okay? So again  
 20 I encourage -- It's important, it's serious, and  
 21 there's a lot of frustration because this has been  
 22 backed up for years.

1 This is great. I am putting faces with  
2 names. I voted for a lot of you and I haven't seen  
3 you. But I am glad I came here. And I just want to  
4 tell you that it's important. So please keep this  
5 on the front burner.

6 PRESIDENT GELWICKS: Thank you.

7 MR. TONY CASTELVECCHI: I thank you for giving  
8 me the opportunity to speak. I am Tony Castelvechi,  
9 part of the guys that started Fury Baseball.

10 I waited until this moment to speak and  
11 give a lot of other people an opportunity to talk.  
12 I think it's great DGYB has 1600 kids. I coached  
13 five years. I have great memories with my son. When  
14 it came time to move on to travel baseball I went to  
15 a tryout. I offered my time. I was told we have our  
16 coaches, sorry. I decided I was not happy with the  
17 program after talking to a couple of the individuals  
18 that were involved. I decided to call Angus and tell  
19 him I was going to start a program. Angus had open  
20 arms with me. I said I don't want to step on anyone's  
21 feet. I understand there's other organizations.

22 When we sit here and start thinking about

1 the main purpose why we coach and why we teach and  
2 why you actually support the community, it's because  
3 of the people and children. All the people that are  
4 here tonight, they all want to be involved in their  
5 kids. They all want to create memories. They want  
6 to remember the first time their kid hit a home run.  
7 That's why we're all here.

8 And I sat down with Angus I said be straight  
9 with me. Tell me what fields aren't being used. He  
10 said Gilbert is hardly ever used, Tony. Saturday  
11 mornings it's used at 9:30 and then it's used two and  
12 a half hours later. By 2:00 o'clock just about every  
13 Saturday it's not used. There's a 2:00 to 4:00 slot,  
14 there's a 4:00 to 6:00 slot, there's a 6:00 to 8:00  
15 slot, there's an 8:00 to 10:00 slot. We didn't demand  
16 a particular slot; we said give us a slot. And even  
17 if it's a night one we're willing to pay for the  
18 lights. Somehow things didn't work out with Angus.  
19 Angus decided to resign. The bases were put in for us.  
20 He put in 70-foot pegs for us at Gilbert because he was  
21 concerned about creating revenue for the village. He  
22 wanted to give every kid an opportunity to play. But

1 for some reason he decided to resign.

2 Eric Lawhead was hired. We sat down with  
3 Eric. Me, Bob, Lee, we talked about what we had  
4 going on with Angus. They promised us nine dates.  
5 We decided to take five dates on Sundays which are  
6 open to the public. Those weren't even dates that  
7 were given to us; they were out of the MOU. When it  
8 came time to get the four dates we never demanded a  
9 specific day, a specific time. When Bob did the  
10 analysis showing a hundred dates open for 10U and,  
11 like Janet responded, when she got the schedule it  
12 was 10U across the whole board. This year 10U in  
13 Longshots has one team. So for them to take the same  
14 allocations as they had last year with two teams, I  
15 have to believe there's 50 openings. If they're  
16 slotting a hundred, there's 50 openings.

17 We have tried to talk to staff. I understand  
18 that, Mr. Gelwicks, you made a comment that you told  
19 staff they need to resolve this problem. After  
20 multiple e-mails all we wanted was what was available.  
21 We couldn't even get a grid. We couldn't even get  
22 what we finally got in the last week from staff.

1 Mr. Cermak, I talked to you on the phone.  
2 We talked about what is your recourse if  
3 Mr. Sharwarko doesn't call you back. And you basically  
4 said nothing.

5 MR. CERMAK: I have no recourse.

6 MR. CASTELVECCHI: You have no recourse. You  
7 have to wait for him to get back to you. I think  
8 there's a problem with some organizations running  
9 the staff. And when I sit here and I pull out the  
10 MOU, you look at DGYB liaison: Chairman, park  
11 district board. I am looking at this all goes along  
12 in regards to the proper direction.

13 As I spoke with Eric I asked him what  
14 happened. He said I resigned. He didn't want to ruin  
15 his future employment. The board should have a little  
16 concern of having two people resign in the same  
17 position in a short period of time. Mr. Cermak, maybe  
18 that's something that you can discuss with the board  
19 in regards to how we lost two people that were in  
20 charge of making sure fields were available.

21 MR. CERMAK: I don't think personnel will be  
22 discussed at this meeting or with anybody in the

1 public. Thank you.

2 MR. CASTELVECCHI: All right. As for the

3 minutes, I am going to ask the board does anybody

4 ever read the DGYB board of director minutes?

5 Mr. Cermak, do you?

6 MR. CERMAK: Occasionally I have.

7 MR. CASTELVECCHI: Okay. So I would love to see

8 the February, March and April of 2011, but they are

9 not available. They are not posted. But since last

10 August and in September and in October and in January

11 there seems to be this big concern about other teams

12 trying to take away their fields. If they have an

13 MOU agreement they're guaranteed those fields. As

14 long as they can justify them they can use them.

15 Some of the minutes that I read I actually

16 was stunned that this actually would be said because

17 it's so incriminating to these individuals. The one

18 that caught my eye the most was in January -- or

19 October, 2010. The chairman reported the prospect of

20 additional groups in town are looking for fields and

21 it's a concern. The chairman suggests that members

22 prepare field requests for the entire year, spring

1 and fall. This process should get started early in

2 the new year. We need to look for every opportunity

3 to use an existing field more often.

4 So my question is if you have the same amount of teams,

5 how could you use the field more often? Or is that

6 the blanket effect, cover everything up so teams

7 like ourselves don't have the opportunity to play in

8 our backyard?

9 Also Mr. Rooney responded by suggesting

10 that travel can use more time at Gilbert Park. We

11 know that 13 and 14U love Whitlock. Why would they

12 come to Gilbert Park? That's right. Fury baseball

13 team has noticed there's open spots and they'd love

14 to play in their backyard. That's all I have to say.

15 Thank you.

16 PRESIDENT GELWICKS: Anybody else?

17 MR. HODA ILYAVI: My name is Hoda Ilyavi, 3800

18 Venard. I am with the -- I am one of the organizers

19 of the 10-year-old Dragon team. You have heard it

20 referred to.

21 I am here to emphasize our frustration.

22 So in terms of the staff, you know, it's entirely

1 Downers Grove residents that splintered off so they

2 could have an alternative to Longshots. And in early

3 January we made phone calls to the park district to

4 try to secure fields for practice times and games.

5 In the two months that I was making calls not one

6 call was returned by the park district staff. In

7 that same timeframe I got numerous phone calls from

8 Darien, from Woodridge, from Lisle, from Oak Brook.

9 Not one call back from staff here in Downers Grove.

10 Since then we have decided to go ahead and schedule

11 our games at Benedictine University where we pay

12 \$160 for a game as opposed to money that could be

13 going right here into our own town. We also pay \$75

14 to \$125 a practice over at Perfect Swing in Darien,

15 again money that could be going into our town so that

16 our kids could play baseball in our town.

17 And I hope you guys understand the

18 frustration of the parents here including Dragons,

19 Fury, whoever. I also hope that you guys understand

20 the revenue that's being lost just because another

21 organization is going out of its way obviously to

22 blanket schedule fields so that other teams don't

1 interfere with whatever its business is, which we

2 don't have. Obviously there's a lot of supporters

3 here of DGYB. But there's a lot of people here that

4 wanted an alternative travel program to the Longshots.

5 I hope that's something you guys are walking away

6 with today. It just doesn't make sense we're wasting

7 this money in towns other than our own. So the

8 sooner you can look at the matter the more we'd

9 appreciate it.

10 PRESIDENT GELWICKS: Thank you.

11 MR. PAT KING: My name is Pat King, 638 Prairie.

12 Bob, at the beginning you said reading the minutes

13 was a very important thing. I actually believe that

14 and I do that. I know that the staff's going to get

15 back to you with an answer regarding the program for

16 the end of the summer. Could you give me assurances

17 that the DGYB minutes will be on the internet February,

18 March and April?

19 PRESIDENT GELWICKS: I have no --

20 MR. KING: Anybody with DGYB? Can we get

21 together -- Mr. Sharwarko, can we get the DGYB

22 minutes updated?

1 MS. MAHONEY: Excuse me.  
 2 PRESIDENT GELWICKS: Excuse me. You are welcome  
 3 to have a conversation with him off line here.  
 4 MR. KING: This is an improper request for the  
 5 board?  
 6 PRESIDENT GELWICKS: The intent is for you to  
 7 communicate with the board.  
 8 MR. KING: I was asking a question in regard to  
 9 that because you had said that we should read the  
 10 minutes.  
 11 PRESIDENT GELWICKS: What I was speaking to  
 12 here were the minutes that Marlane creates for all  
 13 of our meetings. I agree when Mr. Sharwarko and I  
 14 were on the board ten years ago we instituted  
 15 publishing our minutes because of the transparency  
 16 that was required. I certainly support that concept.  
 17 I have no idea what's going on in DGYB or what's the  
 18 situation with regards to minutes. And clearly that's  
 19 their business.  
 20 MR. KING: Thank you.  
 21 PRESIDENT GELWICKS: Sure.  
 22 MR. ROB ROONEY: Hi. I'm Rob Rooney, 1212 60th

1 Place, Downers Grove, DGYB board member and president  
 2 of the Longshots travel league which is part of DGYB.  
 3 First of all you may recognize me or some  
 4 of you may recognize me. I am probably up here for  
 5 the seventh or eighth time now to say there are  
 6 clearly some field concerns in Downers Grove. And  
 7 when ultimately we get to do some type of field use  
 8 analysis we'll understand what was brought forth in  
 9 the field studies which you did some years ago now  
 10 is playing out as projected then. There's clearly a  
 11 need for another 60/90-foot field. I don't  
 12 necessarily want to go through all the interactions  
 13 with all of that.  
 14 Certainly having 14-year-olds have to play  
 15 in some of the fields today in town forces some of the  
 16 issues downhill. And so if anybody wants to go  
 17 through that in great detail, feel free. And maybe  
 18 we would be open for other ideas.  
 19 I want to talk about what this is really  
 20 about and what it's not about. Okay? So first of  
 21 all what it's really about is what you asked for in  
 22 the last meeting. It's to assess the MOU process.

1 It's a process that's worked very well to this point.  
 2 And I might argue that it still works very well. It's  
 3 not just the MOU process, it's how the park district  
 4 permits all its property. So, you know, as you  
 5 think about this MOU process we're talking about not  
 6 just DGYB; we're talking about Panthers, DOLLS and  
 7 Roadrunners along with your park district programs.  
 8 So this is a pretty complex issue. So it's not just  
 9 1600 kids in DGYB; it's kids in all these programs  
 10 plus your programs. I think we need to step back  
 11 and figure that out.  
 12 Now, I have a lot of empathy for the folks  
 13 that have come up and talked because at the last  
 14 meeting what I said was in the '90s I ran a travel  
 15 program, I coached DGYB. And my kids grew up in  
 16 DGYB and I ran a travel program. And at that point  
 17 in time I decided to join DGYB and try and help them  
 18 develop a travel offering for the community. So as  
 19 you think about that try and focus on what we're  
 20 here to discuss. It is improving field allocation.  
 21 It is improving field availability. It is certainly  
 22 -- and this is a message directly to the commis-

1 sioners -- it is certainly not to attack the staff.  
 2 I have had personal interaction with this staff for  
 3 a long period of time, at least the leaders of the  
 4 staff. And I have a lot of admiration for Dan Cermak  
 5 for lots of reasons. Certainly he's very professional,  
 6 knows what he's doing, runs a great program. Downers  
 7 Grove gets awards all the time. But the thing that  
 8 I admire most about Dan is when we talked about  
 9 building a program it needs to be open to everybody.  
 10 Certainly in Downers Grove Youth Baseball we have a  
 11 spot for everyone. That's part of our charter. Do we  
 12 have a spot on travel for everyone? Do we have a spot  
 13 for 12-year-olds that want to play 16-year-old level?  
 14 Maybe not. There is only so much capacity. But the  
 15 reality is that we have a spot for everybody.  
 16 I also understand what these parents are  
 17 going through in trying to create great experiences  
 18 because it's not just these 60 parents that want to  
 19 see their kids play during the summer. It's 1500  
 20 and probably others that wish they could. I get that.  
 21 But at the end of the day there's also a group of  
 22 people who self-admittedly have bounced a little bit

1 from program to program trying to find the right  
2 solution for them. And that's what America is about,  
3 trying to find the right solution to do what you want  
4 to do. It's okay. Nothing wrong with that. But  
5 the reality is there has to be some order.

6           So if we add up the number of teams --  
7 Mr. Sharwarko says there were 120. I think it might  
8 be a little more than that. But can you picture 120  
9 plus independent teams, trying to schedule all that,  
10 manage all that? There is clearly some value that  
11 DGYB brings to the park district and the community.  
12 If you think about that for a minute this isn't a  
13 financial debate. I don't want to discount \$8,000  
14 in revenue though I would really like you to understand  
15 that. But the reality is financial decisions are  
16 bottom line decisions, what money are you getting from  
17 your community program, what money are you saving  
18 because of the administration, the organization, the  
19 volunteer hours to run all these teams. Let's make  
20 sure that that adds into the financial question here.

21           I understand again the passion involved.  
22 Whether it's youth sports, football or basketball,

1 baseball, soccer, swimming, parents are very  
2 passionate. I respect that about people that want  
3 to say something and do something for their kids, and  
4 I encourage that. That's one of the reasons why my  
5 kids are past this and I am still involved. That's  
6 one of the reasons Jim's kids are past this and he  
7 is still involved.

8           So in terms of really looking at what we're  
9 talking about here, I think it's really important  
10 that we present a couple facts just to create a little  
11 balance here. So when we think about what's been  
12 asked for, the origination of this entire discussion  
13 centered originally around one team and its particular  
14 requests for certain fields. Okay? And then we  
15 talked a little bit about that last meeting. Well,  
16 my understanding is through your staff who, by the  
17 way, has done a terrific job of trying to figure out  
18 some very difficult issues. Combine that with all the  
19 weather challenges we have had. Your staff worked  
20 with us -- when I say us I am talking about the DGYB  
21 south league and Longshots at a certain age -- trying  
22 to figure out how we could provide some fields to help

1 them accommodate some outside teams. And we moved  
2 some of our schedule around to do that. And what I  
3 wind up finding out is those fields weren't  
4 appropriate for whatever their request was.

5           At that point I started to realize what we  
6 were really dealing with here. Because there isn't,  
7 you know, a top player in this town that's played in  
8 this town come out of this town in the last fifteen  
9 years that hasn't played 12-year-old baseball. My  
10 son did, lots of kids did. Not appropriate? I didn't  
11 get the concept. Because when I think about it yeah,  
12 every one of our kids -- There isn't one parent here  
13 that doesn't have a kid that would kill to play at U.S.  
14 Cellular or Wrigley Field. No question about that.  
15 But the reality is we are not necessarily entitled or  
16 we don't get the opportunity to do that. If it is  
17 about the kids playing baseball, turning down the  
18 availability to use fields, I struggle with that. You  
19 want fields? No, we don't want that field; we want  
20 that field at that time.

21           I saw somebody back here -- I think some-  
22 body mentioned they were from the Dragons. So what

1 I happened to do is look last night, and I saw on  
2 the website the challenges they were having with  
3 rained out or rescheduled games as well. I also saw  
4 that they were awarded, permitted time that we didn't  
5 use at Gilbert. This Sunday night they're playing a  
6 double header. And when I looked at our original  
7 field submittal -- because I went back and looked at  
8 it -- we left that open because our two 13U teams,  
9 which is the slots the Longshots have at Gilbert -- So  
10 I am really clear with this so everybody understands  
11 the facts, Longshots get Gilbert Wednesday night,  
12 Saturday night and Sunday night. Okay? So we wound  
13 up giving that back because our teams are playing in a  
14 tournament Sunday. The system works. Not perfectly,  
15 maybe it doesn't work all the time, but the system  
16 worked there.

17           In terms of a couple of the other things  
18 that were said here, in terms of attacking the staff,  
19 that's actually Paul and your director of parks,  
20 Mr. Reese, over a long period of time now trying to  
21 actually figure out how to increase field utilization.  
22 We talked about that at another point. There's been

1 lots of hours spent together in partnership trying  
 2 to figure out how there is more play. One of the  
 3 gentlemen referred to the meeting notes as travel  
 4 saying hey, we can use more time at Gilbert. We can.  
 5 There's additional Babe Ruth teams playing at Gilbert  
 6 this year, and we'd like to play some more under the  
 7 lights as well. It's a shared field. As a matter  
 8 of fact, if you do your due diligence you will find  
 9 that there is no field that's owned by anybody. All  
 10 the fields at some point are shared amongst the leagues  
 11 in Downers Grove.

12           Somebody mentioned Memorial north and two  
 13 teams have locked it all up. Well, the facts are that  
 14 there are four teams that play and practice at Memorial  
 15 north. So, you know, when Commissioner Barr talked  
 16 about 10U, 10U or 18U or 16U or whatever it says on  
 17 the schedule, that's what we have given the park  
 18 district for a number of years. We weren't asked for  
 19 anything different. If they'd like something different  
 20 we can certainly try to work to give them that. We  
 21 did what we were asked to do.

22           In terms of some of the accusations against

1 the recreation folks, I can tell you that Sandy has  
 2 bent over backwards not only to try and help us and  
 3 the MOUs -- we have been on both sides of that -- but  
 4 also to help outside programs. I would be interested  
 5 to find out how many outside requests there were this  
 6 year and how many were filled. I think that would  
 7 be an interesting thing to look at. Because the  
 8 accusation here is that nobody gets to play, and  
 9 that's just not the fact.

10           In terms of the attacks on Mr. Gelwicks,  
 11 Mr. Gelwicks has been kind enough to have been a  
 12 coach in the Longshots program for some period of  
 13 time. His endeavor at Benet and other things including  
 14 following his daughter's play have taken him away from  
 15 our program. Occasionally Bob involves himself with  
 16 some of his consultants services or expertise. But  
 17 I would certainly tell you that many of the newer  
 18 coaches in the program don't even know who Bob is  
 19 because he hasn't been around all that much. But I  
 20 still rely on Bob to help us if we ever need somebody  
 21 to help us. He does come in and spend time with kids  
 22 which is his passion. He is not involved in the

1 organization of the program at all. As a matter of  
 2 fact, you look on the website and I think it refers  
 3 to pitching coach.

4           In terms of the --

5           PRESIDENT GELWICKS: Which if anybody really  
 6 knew me they'd question that. But go ahead.

7           MR. ROONEY: Some have.

8           PRESIDENT GELWICKS: I know.

9           MR. ROONEY: This comes down to a couple words  
 10 that popped into my mind here. It's entitlement. At  
 11 some point here people are pointing a finger at our  
 12 program -- and our program meaning DGYB, not just  
 13 Longshots -- and talking about our entitlement. We  
 14 operate underneath the MOU and we have for a long  
 15 period of time. You're going to evaluate that. I  
 16 am sure you are going to come to a good conclusion  
 17 and your staff is going to give you very good  
 18 recommendations on that.

19           In terms of choice there are people behind  
 20 me that, as I said earlier, are free to make whatever  
 21 choice they want to make. You know, I am not going  
 22 to sit here and defend our program. But at the end

1 of the day if you would like to parade up, you know,  
 2 the general manager of the White Sox, the head scout  
 3 from the Cubs, any head of any travel organization --  
 4 widely-recognized travel organization in the Chicago  
 5 area or even the greater Midwest, any of the college  
 6 coaches that have been involved with our program, they  
 7 will come and talk to you about what we are and who  
 8 we are. And we never ever have said that we're better  
 9 than anybody. We're different than a lot of programs,  
 10 and part of our difference is we do have a community-  
 11 based program. Over 80% of the kids in our program not  
 12 only are from Downers Grove -- And by the way, rosters  
 13 that were referred to are the same rosters that have  
 14 sat there since last summer. Our older kids' play  
 15 haven't started yet and I am sure they understand that.  
 16 They will be posted when we're ready to go. So over  
 17 80% are from Downers Grove and over 80% of the kids  
 18 in our program return. I want to repeat that. Over  
 19 80% of the kids in our program return. And of the  
 20 20% that don't return, clearly a significant portion  
 21 of that go into Downers Grove Youth Baseball's other  
 22 league for that age.

1 I commend Jim Sharwarko's leadership  
 2 because he's created play now for 19- and 20-year-olds.  
 3 He's created a senior edition. At the end of the day  
 4 we're continuing to work on developing more offerings  
 5 for kids. I will give you an example. So when we  
 6 talk about being open, at the last meeting -- I didn't  
 7 want to go the whole tit for tat thing, and I am not  
 8 going to do that tonight. At the last meeting it  
 9 was referred to or commented on that we cut kids.  
 10 Well, there are only so many spaces in the program.  
 11 But we always offer kids an opportunity to play  
 12 baseball in DGYB. The example I would use is a boy  
 13 who tried out for the Fury. He played in our program,  
 14 left, tried out for the Fury, didn't make the Fury,  
 15 came back and said hey, can I try out for you guys.  
 16 We said sure. And we said if it doesn't work we'll  
 17 absolutely have a spot for you to play baseball in  
 18 Downers Grove. And he's playing with us this year.  
 19 I don't blame the Fury for not taking him. At some  
 20 point they're going to cut people too, they're going  
 21 to be exclusive. At the end of the day one of the  
 22 reasons why I joined DGYB when we built here is to

1 be able to have a community offering for all kids.  
 2 It may not fit all kids, but we're going to try and  
 3 be open to everybody.  
 4 And I would encourage that group if they  
 5 have better travel ideas that maybe you suggest that  
 6 they meet with us and figure out is there a way to  
 7 figure this out. But I will tell you that their  
 8 approach will be I want to do it my way. And I can  
 9 tell you that we would probably start with this is  
 10 what we do. But if I can't run my own team, I can't  
 11 position my own kid, I can't do those kinds of things  
 12 it's probably not going to fit. Out of the 1600  
 13 kids that play in Downers Grove Youth Baseball not  
 14 one of them can name the team they get to play on,  
 15 not one of them can name the field they get to play  
 16 on, not one of them gets to name the time they get to  
 17 play. They join the program and for a vast majority  
 18 of those kids it works. It doesn't work for everybody.  
 19 Thank you for your support.  
 20 MS. BARR: I just have a question for you.  
 21 MR. ROONEY: Sure.  
 22 MS. BARR: I was wondering could you provide us

1 with a 13 and 14 Teal and Navy team schedule --  
 2 practice and game schedule?  
 3 MR. ROONEY: I can get you an updated one. We're  
 4 meeting again this weekend. Janet, we are on the  
 5 fourth revision of schedules as you can imagine with  
 6 the weather both rain and cold, you know. So, for  
 7 example, the park district and rightfully so closed  
 8 its field for the 25th and 26th. So we need to figure  
 9 out how to reschedule a whole bunch of teams.  
 10 MS. BARR: That's fine. When you get the schedule  
 11 if you could send it to me and then, of course --  
 12 MR. ROONEY: We would probably put them on the  
 13 internet too.  
 14 MS. BARR: That's great. That's wonderful. Thank  
 15 you.  
 16 PRESIDENT GELWICKS: Just a clarification on  
 17 that. You have a liaison process?  
 18 MR. ROONEY: Yes, we do.  
 19 PRESIDENT GELWICKS: Would you use the liaison  
 20 process for schedules? And once staff has them they  
 21 can forward them to the board.  
 22 MS. BARR: The only reason I asked was that was

1 one that Sandy didn't have anything on. I specifically  
 2 asked her.  
 3 MR. ROONEY: Didn't have anything on?  
 4 MS. BARR: No.  
 5 MR. ROONEY: Because we submitted every field,  
 6 every age.  
 7 MS. BARR: Okay.  
 8 MR. ROONEY: Do you want us to resubmit what we  
 9 originally submitted?  
 10 MS. BARR: It probably wouldn't be a bad idea.  
 11 MR. ROONEY: Pardon me? What is it that you  
 12 would like?  
 13 MS. BARR: Well, just to help us. Because this  
 14 was a really helpful analysis. You haven't seen it  
 15 yet. So we can get through that analysis.  
 16 MR. ROONEY: So what would you like?  
 17 MS. BARR: I think if you just send us a letter  
 18 to the parents that would work for me.  
 19 MR. ROONEY: Letters to parents. What would  
 20 you like? I want to --  
 21 MS. BARR: Okay. I had understood that there  
 22 was some letter to parents probably at the beginning

1 of the year that showed every practice and every game.  
2 I think that's all we need.

3 MR. ROONEY: Right. Why would I send a letter  
4 that I send out to parents? Why would I give peoples'  
5 e-mail information out? If you want a schedule I  
6 can provide a schedule.

7 MS. BARR: It doesn't have to have everybody's  
8 name on it. I just want the team name --

9 MR. ROONEY: What I just explained -- Maybe  
10 you didn't follow. What I just explained was because  
11 of the weather considerations -- And the folks behind  
12 us are dealing with the same thing. There's somebody  
13 that was asking for fields right now. So they have  
14 either committed to a game that day or trying to  
15 schedule a game that day. That's kind of how it works  
16 in travel. But the reality is it's schedule based  
17 and those things get updated and get moving.

18 MS. BARR: Fine. I want to know whatever time --  
19 at whatever point in time tell me exactly what games  
20 and what you have scheduled.

21 MR. ROONEY: Okay. So I will forward you the  
22 schedules.

1 MS. BARR: Yes.

2 MR. ROONEY: I will forward that through the  
3 liaison process. And it is going to be an update  
4 from what we did before.

5 PRESIDENT GELWICKS: Okay.

6 MS. MAHONEY: All I would say that I do not  
7 believe it's -- This is a board, not an individual.  
8 We have a process with all the MOU groups. They all  
9 have a liaison. And these items should not come  
10 through board members. These should be going through  
11 the process. This is how things get all muddled up  
12 and frustrating if you usurp the process that has been  
13 established. If the process is not being followed by  
14 anyone that is a problem. So I would say that from  
15 a board's position I would not want to direct any  
16 MOU group to submit anything through a board member.  
17 It belongs through that individual MOU group's liaison.  
18 And I would hope that any MOU group would have the  
19 ability to say that they're not -- they are having  
20 trouble working with the liaison or things aren't  
21 working through the liaison well and vice versa; the  
22 liaison should be able to come back to their staff

1 supervisor and say conversely. But I think that is  
2 part of why we have the MOU understandings is so that  
3 these processes can be followed through. It is not  
4 the board's job so to speak to do scheduling for these  
5 groups.

6 And I would just like to add you gave a  
7 list at the beginning of groups that use these fields.  
8 I don't think anyone at this point has mentioned at a  
9 lot of these fields -- I am not sure about Gilbert  
10 but I know Doerhoefer -- we have quite a large use  
11 from the high school district at these fields that  
12 also is in play here. Their schedules get messed up  
13 because of weather, because of the other high school  
14 teams just like any other scheduled team event. So  
15 there's an additional layer in here that has not been  
16 even considered in tonight's conversation.

17 MR. ROONEY: That's absolutely right. DGYB works  
18 with all high schools in terms of that as well.

19 MS. MAHONEY: But I am just saying that component  
20 has not been talked about at all. And that's a huge  
21 component and that's all of District 99 which includes  
22 other communities, other players that are not within

1 the Downers Grove Park District community. So there's  
2 a lot of -- there's a lot of things. So thank you.

3 MR. ROONEY: Sure. And I will make sure it goes  
4 through the liaison again. And, Janet, I think the  
5 other thing is I will definitely get this put  
6 together for you, the new look at it. But the reality  
7 is I don't know, how did our kids play on those fields  
8 last night if it wasn't permitted? We'll have to look  
9 into that. Okay? Anything else?

10 PRESIDENT GELWICKS: No, thanks.

11 MR. CASTELVECCHI: Tony Castelvecchi, 4032  
12 Belle Aire Lane. I just want to get a couple things  
13 straight in regards to for the record.

14 After reading the MOU all rosters need to be  
15 60% Downers Grove residents. That is something to  
16 take into account when you look at all the rosters  
17 in regards to the Longshots.

18 In regards to DGYB, like I said before I  
19 have 100% support behind them. When we talked about  
20 a left wing and a right wing I think it's time for  
21 the board -- the park district to consider a second  
22 option in regards to an MOU. Based on the analysis

1 that Bob gave, after you look at it and you confirm  
2 that there are that many spots available, I would  
3 hope you would consider it. When we sit here and we  
4 talk about a fire at a portapotty for 7800 bucks, I  
5 have to say we haven't even touched 13 or 14 in regards  
6 to an analysis and we're over \$8,000. So for something  
7 that wasn't budgeted here's money that we're basically  
8 not even looking at in regards to be here for the  
9 taxpayers.

10 As for kids trying out, that's the best  
11 thing about being a wing of DGYB. There always is  
12 an option. So when you have 30 kids try out and you  
13 are going to keep 12 kids, someone has to get cut.  
14 By being part of DGYB we are offering the secondary  
15 choice. It is not a matter of sorry, you're cut.

16 I think the key here is you have heard  
17 enough from people in regards to other sports that  
18 have two options. I actually coach with Mr. Taviani  
19 in regards to Wolfpack. Mr. Nolan who runs the  
20 Nomads, both of those sons play on the baseball team.  
21 We have been doing this since 4th grade and we haven't  
22 had an issue.

1 I think everybody in this room has to  
2 understand it's about the kids. It is not about I  
3 got the best of you or you got the best of me.  
4 Everybody should have the opportunity. We have  
5 Angelo's Pizza, we have Dairy Queen. They didn't  
6 want to come tonight and speak. They feel that every  
7 time we have to play a game we have to leave town.  
8 They sponsored us so after a game we go have ice  
9 cream. Well, if you play in another town we are  
10 obviously not going to come all the way back here.

11 Or the restaurant I spoke to the other night.  
12 It would be great. Maybe we even join the other team  
13 and fill the restaurant. Obviously it's another thing  
14 to consider, bringing people into the town that can  
15 spend their money for all the people that own  
16 businesses here let alone stopping to get gas or  
17 picking up Gatorade. There's a lot involved here.

18 I think there is a happy solution for  
19 everyone, and we stand before you that we will do  
20 whatever you'd like in regards to helping to eliminate  
21 staff hours.

22 I know Mr. Gelwicks was involved with the

1 Longshots for a long time. I hope when you get to  
2 this decision process you can have an open mind and  
3 think about your son who didn't get an opportunity  
4 to play in town so my son can have the opportunity  
5 to play in town. Thank you.

6 PRESIDENT GELWICKS: Anybody?

7 MR. BILL JOHNSON: Bill Johnson, 527 Wilson. I  
8 have been very privileged to work with the park  
9 district staff for many years. And the reason I am  
10 speaking is I was in a meeting. I think some of the  
11 ladies are kind of -- Lee in particular, they're up  
12 to speed on this. And the last meeting was -- the  
13 spring meeting was my last meeting as liaison. And  
14 they specifically requested practice times and game  
15 times to be done. DGYB filled that out it sounds  
16 like it and it sounds like Longshots did not. And  
17 it was in the records in that meeting in the spring.  
18 Thank you.

19 PRESIDENT GELWICKS: Anybody else? Anybody  
20 here want to say anything?

21 MS. MAHONEY: I have some questions for Dan and  
22 possibly staff.

1 PRESIDENT GELWICKS: Go ahead.

2 MS. MAHONEY: I had the same question as someone  
3 earlier had. And I don't know who might be best to  
4 answer it so I will just ask you and you can answer  
5 it.

6 MR. CERMAK: We'll get the right person.

7 MS. MAHONEY: Okay. Of the requests for fields  
8 that the park district has received, I don't know,  
9 this spring -- we'll just talk currently -- how many  
10 have been granted or how many fields have been offered  
11 to those groups that are at the bottom of the order  
12 that was given last meeting? I asked Sandy how the  
13 precedence went to get field allocations. Okay? So  
14 how many people who are at the lower level of the  
15 field allocation made requests and how were we able  
16 to accommodate those requests? Were we successful?  
17 Were we not?

18 MR. CERMAK: I don't know that answer, but the  
19 people that work with this will know that answer,  
20 Sandy and perhaps Lee.

21 MS. MAHONEY: Do you understand what I am asking?

22 MS. PFUNDHELLER: Yes. On April 15th we opened

1 up the reservation process to the public. I would  
 2 estimate we probably had about a dozen requests -- a  
 3 dozen different groups requesting space. We  
 4 accommodated all of those with the exception of the  
 5 dates that Downers Grove Fury are still looking for.  
 6 The conflict that we are having with those dates is  
 7 that they are asking for specific dates that are not  
 8 available. We have offered eight to ten alternate  
 9 dates, and there were three that were offered  
 10 mistakenly that were on a field that was not lighted.  
 11 But there were ten dates that were offered that were  
 12 during the day on the fields that have not been  
 13 accepted.

14 MS. MAHONEY: What do you mean not accepted?

15 MS. PFUNDHELLER: They weren't the dates they  
 16 were looking for or fields they were looking for.

17 MS. MAHONEY: So they turned down different  
 18 options?

19 MS. PFUNDHELLER: Correct.

20 MS. MAHONEY: Are you sure? I want to be clear  
 21 about this. That's a big thing to say.

22 MS. PFUNDHELLER: I am certain.

1 MS. MAHONEY: Okay. I don't mean to be that way,  
 2 but that's important. Okay. Thank you. That's all  
 3 the questions I have.

4 PRESIDENT GELWICKS: Stay there. Just a couple  
 5 other things. This issue about whether you got  
 6 schedules or not, okay, is a long-standing issue. It's  
 7 been my understanding from other discussions on this  
 8 that this year was by far the best in terms of what  
 9 information you received from all of the youth groups.

10 MS. PFUNDHELLER: That is correct.

11 PRESIDENT GELWICKS: And you got what you asked  
 12 for from your perspective.

13 MS. PFUNDHELLER: Yes. And Lee would be best  
 14 to answer this. She was involved in it.

15 PRESIDENT GELWICKS: You're going to pass the  
 16 baton?

17 MS. PFUNDHELLER: I am. She is here.

18 PRESIDENT GELWICKS: Facts are important.

19 MS. ARNSMAN: It is true that this year I did  
 20 meet with Fury prior to our spring MOU meeting. I  
 21 was aware of the needs that they had, and I explained  
 22 at that time the timeline that we have that we allow

1 MOU groups to give us their schedules and that we  
 2 were going to really try to push to follow the MOUs  
 3 to the letter meaning we were going to ask for specific  
 4 schedules so we can get our arms around actual usage  
 5 acknowledging that there were permits given in years  
 6 past for times that were not specifically asked for  
 7 knowing that it would be a bumpy year because we  
 8 could not say for certain what we would anticipate  
 9 because we have always done the blanket schedules  
 10 despite the fact that the MOUs said we would not do  
 11 the blanket schedules.

12 So this year, unfortunately, I was gone for  
 13 the month that all the schedules came in. But I have  
 14 seen the schedules that came in and they're far more  
 15 detailed than we have ever received before. I don't  
 16 know enough about Fury even to know if I am missing  
 17 a schedule. I don't know how many teams they have.

18 PRESIDENT GELWICKS: I am specifically talking  
 19 about DGYB because there was a comment made that  
 20 DGYB, Longshots had not provided the information in  
 21 a timely manner.

22 MS. ARNSMAN: I am familiar with this year's

1 schedule and it was very good.

2 MS. BARR: I think I am the one who made the  
 3 comment. And I agree that there was no problem with  
 4 Downers Grove Youth Baseball; it was just the  
 5 Longshots that there was a problem with.

6 PRESIDENT GELWICKS: But staff didn't have a  
 7 problem. And I understand for everybody, please,  
 8 this came to the board two weeks ago. This issue  
 9 came to the board two weeks ago. You have been  
 10 dealing with a lot of things, and clearly there are  
 11 some issues here that need to be addressed. The board  
 12 has talked about this. I have said there are fields  
 13 that go unused. We have got to figure out how to  
 14 get them utilized.

15 MS. ARNSMAN: And that message, I felt, during  
 16 that December MOU meeting was understood and well  
 17 received. I didn't receive any feedback that it was  
 18 going to be a problem. I do believe the MOUs under-  
 19 stand and are doing that. In the same regard I think  
 20 that the main thing with the MOU is although I think  
 21 the process on the whole is good, I think the timeline  
 22 was mentioned. And that is troublesome from a

1 management standpoint to have so many requests waiting  
2 for April.

3 PRESIDENT GELWICKS: And as we have discussed  
4 as you come back to the board you're coming up with  
5 ways that maybe we can address that particular issue  
6 amongst others. Is that correct?

7 MS. ARNSMAN: That's correct.

8 PRESIDENT GELWICKS: Thank you. Believe me, this  
9 board does understand there is an issue that many  
10 people would like to see addressed. And it's been  
11 in the board's hands for two weeks and we have given  
12 staff direction. Staff understands it. But, quite  
13 frankly, they have not been staffed nor directed in  
14 the past to try and accomplish all this. So we have  
15 to work through that and we're going to work through  
16 that.

17 MS. BARR: And we will probably look at our park  
18 district too.

19 PRESIDENT GELWICKS: Well, sure. They can do  
20 that. I know they have done that in the past. And  
21 there clearly are other ways.

22 The other problem that you see is there are

1 very few other locations with an in-town organization  
2 quite as large as DGYB. There are other big groups,  
3 but it is one of the largest around. So it's not  
4 necessarily comparable.

5 MS. BARR: To Cathy's point too I don't think  
6 that the groups are saying that after all the time's  
7 been allocated if they ask for a time that virtually  
8 nobody else wanted that they are not getting it. I  
9 don't think that's what the groups are saying. I  
10 think they're saying that the process is set up  
11 poorly so that it happens way too late and so they  
12 have to go to other towns because they need to set  
13 their schedules in January and February and they  
14 don't even have an opportunity until April to get  
15 Downers Grove fields. So I think it's not that  
16 they're a lot of times getting turned down for the  
17 times after April. I think it's the process we are  
18 looking at and the fact that the process is leading  
19 to lots of empty fields and we have got to change it.

20 MR. CUSHING: I think we understand that now.  
21 Again this was brought to the board two weeks ago.  
22 I applaud the passion that everyone out there is

1 showing. You guys have all stated it's about kids,  
2 getting them opportunities, letting a lot of people  
3 play on our fields. I understand that. We understand  
4 that from the looks of it we can do better. We can't  
5 snap our fingers and have it done. We directed staff.  
6 The staff is working on it. We need to give them time  
7 to get it done. But we are addressing it. We will  
8 be better. We will look at our MOU agreements as we  
9 have directed staff to do.

10 And everybody up here wants to utilize our  
11 fields as best as possible giving everybody an oppor-  
12 tunity to get out there. If there's a field that's  
13 unused believe me, we don't want it sitting vacant.  
14 No one up here wants it sitting vacant. We all realize  
15 we can do it better. We have directed staff to look  
16 into how we can do it better and we will address this.

17 PRESIDENT GELWICKS: Anybody else?

18 MR. ROMAN: I say keep us honest. Keep coming.  
19 Make sure it's looked at and you get an answer that  
20 you're happy with.

21 PRESIDENT GELWICKS: Okay. A motion to adjourn?

22 MS. MAHONEY: I move to adjourn to executive

1 session.

2 PRESIDENT GELWICKS: Wait a minute. I have  
3 another visitor. I'm sorry.

4 MR. ROMAY: Bob Romay, 524 Franklin Street.  
5 Trust me, I don't want to elongate this meeting any  
6 more. I just want to say it's very difficult for us,  
7 for any organization to accept dates past April 15th  
8 when our schedule is completed. So because of  
9 Mr. Shields and Mr. Lawhead being a void -- I was  
10 working with them. And I gave them specifically at  
11 the end of February my calendar for April, May and  
12 June, and I said these are the dates that I am playing  
13 tournaments, these are the dates that I am not avail-  
14 able; I am just looking for some additional dates that  
15 are available that don't coincide with these dates.  
16 And I know park staff didn't even have the oppor-  
17 tunity to look at that completely. So when you gave  
18 me a date of July 22nd after our season is done, I  
19 can't take that date. When you give me a Memorial  
20 Day 8:00 to 10:00 when there are no lights, I can't  
21 take that day. Most of the days that I paid for  
22 have been Sundays from 10:00 to 12:00. And those

1 were six of the nine dates that I used because the  
2 balance of those Sundays one was Mother's Day and  
3 the other four we were in tournaments. And we had  
4 those schedules completed end of February. So when  
5 the park district started to open up dates to the  
6 public it was very late. So I didn't have an  
7 opportunity to put my team to play on dates that were  
8 given to me because my schedule was completed across  
9 the league that I play in and across the tournaments  
10 that we paid for in advance to participate.

11 So there are certainly two sides to every  
12 story, and we just need to make sure that we learn  
13 from this and we figure out a way, as Matt mentioned,  
14 to try to get better so we don't have this issue in  
15 2012. Because as Mr. Roman stated, we are going to  
16 keep on coming. And you will get to know us very  
17 well because we feel like we stand for something, that  
18 we want to make sure that we can work together as one  
19 community. And we're all willing to do that. Thank  
20 you very much. And I apologize for the lengthy  
21 meeting.

22 MS. MAHONEY: You are not the first and you won't

1 be the last group of people to come before this board  
2 wanting things. In the years before I sat on this  
3 board I was in many groups coming wanting. We have  
4 had groups -- we have had our active adult groups come  
5 wanting things, we have had the gymnastic group come  
6 wanting things, we have had many, many groups come and  
7 ask for things, and they are always encouraged. So  
8 for it to be presumed that you are not welcome is  
9 not at all true. Any group has always been welcomed  
10 in front of us, and we have always tried to address  
11 it the best we can. And I would just want to make  
12 sure you understand you all may not like the answer,  
13 but that doesn't mean that that's not the best that  
14 we can do. Everybody may not like every solution.  
15 Some people in the group may not like part of it,  
16 other groups in town may not like it, but that's just  
17 the way it will be. So I don't think there should  
18 be any expectation that everyone is going to be  
19 happy because I think we're all realistic enough to  
20 know that probably will not happen.

21 Now I will move to adjourn to executive  
22 session under Section 2(c)(1) and 2(c)(5) of the

1 Open Meetings Act for the discussion of personnel  
2 and land acquisition respectively.
