

DOWNERS GROVE PARK DISTRICT

LIGHTNING SAFETY TIPS

The Thorguard Lightning Prediction System uses **TWO WARNING SIGNALS**:

ONE 15-SECOND BLAST

*Lightning is imminent.
Take immediate cover.*

TWO SHORT BLASTS

*(Three blasts at DG Golf Club)
Danger reduced – all clear.*

- A strobe light will flash until danger is reduced.
- The system is activated daily from March through November from 8:30am to 11pm at lighted facilities and from 8:30am to dusk at non-lighted facilities.
- The system helps you assess, but is not intended to guarantee, safe conditions. For more information, visit thorguard.com.
