“Winnie-the-Pooh in Downers Grove”

Character Cut Outs- Acrostic Puzzle Answer Sheet

Instructions: Visit all Downers Grove Park District sites to fill out and complete our special Acrostic Puzzle! At each site there is a classic Winnie-the-Pooh character sign (placed near playgrounds and other play areas). At the sign there will be a yard sign nearby with an acrostic puzzle question. An acrostic puzzle is a word puzzle that combines elements of crosswords and cryptograms to reveal a hidden quote or literary passage. Fill out the special word for each question on your answer sheet. Each “starred” letter, when placed in the correct sequential order (at the bottom of your answer sheet) will spell out the final clue. Once you have the Acrostic Puzzle answer/clue, please come back to Lyman Woods to share it with our office staff in the William F. Sherman Jr. Interpretive Center (during normal business hours) to receive a special prize and to join in an optional drawing. For questions, please email lymanwoods@dgparks.org
